Protect all those here present from any temptation especially towards division and envy as they go about their work of legislation today. We ask this through Christ our Lord. Amen.

HB 2266 ON THIRD READING

(by Leach)

HB 2266, A bill to be entitled An Act relating to judicial review of certain local laws applicable to state license holders.

Amendment No. 1

Representative Moody offered the following amendment to **HB 2266**:

Amend **HB 2266** on third reading by adding the following appropriately lettered subsection to Section 60.002, Occupations Code, as added by the bill:

() Notwithstanding any other provision of this section:

(1) a license holder may not bring an action under this section against a municipality if the license holder is an employee of the municipality; and

(2) an association of municipal employees who are license holders may not bring an action under this section if the action relates to a local law governing the working conditions of those employees.

Amendment No. 1 was adopted.

HB 2266 - REMARKS

REPRESENTATIVE GOODWIN: I'm just trying to understand the bill. It seems like it's a local preemption bill, and so I just want to understand what you're trying to do here. Section 1 says this Act may be cited as the Regulations with Economic Impact in Need of Scrutiny—REINS Act. Can you give me an example of that?

REPRESENTATIVE LEACH: Well, I think Chairman Moody just put it really well. There's many examples of where a municipality may require more of a state license holder than the state actually requires. So a state license holder is complying with state-mandated regulations, licensing requirements, and then the

city might go further than that. And all this allows—it doesn't automatically declare those restrictions void. All this allows is for the state license holder to challenge it—the judicial remedy. That's all it is. It's just an extra layer of review of the licensing requirement.

GOODWIN: I guess I'm just curious—what kind of license holders? I know Representative Moody said there are a lot. I'm a license holder. I have a real estate license. I'm not sure what is intended with this bill. Is there a specific license?

LEACH: That's a good example. Let's take your example of a real estate license holder. You have your real estate license and you're complying with—as you're legally required to do—all of the state-mandated licensing requirements and all of the things that we as a state have said we're going to require of our realtors. If the City of Austin, or any other city in which you wanted to sell real estate, required more than that of you—so let's say they mandated your registration. And let's say you wanted to buy or sell a property on behalf of a client in, let's say, Lubbock County—somewhere where you don't traditionally practice. And in order to do so, Lubbock County said you have to pay this exorbitant fee in order to be able to do so. Or you have to perform these additional requirements that are not otherwise provided or required by the state. Well, then you as the license holder would be able to challenge that with a potential judicial remedy as unreasonable, and even unconstitutional and unlawful, under state law.

GOODWIN: So you're saying that this law would allow you to challenge it, whereas currently someone could not challenge that?

LEACH: I think that that's questioned. In some cases you might be able to, but what this law would provide is a license holder being able to bring an action to enjoin the enforcement of a local law that regulates the occupation or the license holder's business activity. And so you could, in that situation, if you felt like it was unlawfully regulating you or preventing you from performing your business activity as a realtor, in your example, then yes, you could bring a civil action—a cause of action—in court right now to seek judicial—an enjoining of that action.

GOODWIN: Well, again, I'm just not understanding where this would be relevant. As a license holder, this state dictates—

LEACH: I just gave you a perfect example of how it could affect you in your course of business, Representative Goodwin.

GOODWIN: But the City of Austin or Travis County haven't ever done anything to enhance our requirements above the—

LEACH: And if they ever did, or if any county or any city in the state ever did, you would have this additional tool—all Texans would have this additional tool in the toolbox to challenge it. And that's what this bill provides Texans—that additional layer of protection.

GOODWIN: I guess I just don't see that it would ever be relevant to my license, as a real estate license. I just don't see a city coming in and saying we want to have extra criteria that you have to meet in order—

LEACH: I hope you're right. I hope you're right. I was just using that as an example because you mentioned you're a realtor.

GOODWIN: Right. I was hoping that maybe you could give me an example where it is relevant.

LEACH: It is relevant in your case. Can you point to a city or a county—can I point to a city or county right now that has restricted a realtor's ability to practice their business? No, I cannot. Could that happen in the future? It might. What this would do—and there are other bills this session, which we've debated vigorously on this floor, that would preempt those laws. It would render those laws void. But in a situation in which that bill did not work or if that bill doesn't pass and there is a local law that a license holder—whether it's a realtor, a plumber, or someone else—a license holder says, "Hold on, hold on. I'm complying with all of the state restrictions and all of the state requirements. I'm doing everything that I need to do that the state has told me to do, and this county or this city, is going further than state law allows." Then this would simply allow them another tool in the toolbox to challenge the enforceability of that local regulation.

GOODWIN: Okay, so—

LEACH: And Representative Goodwin, to be clear, the courts may decide one way or another on this. This simply provides a forum for if my license—if my rights to practice my business activity are being violated—then I could go to a court and ask them to just simply review the facts and review the law and make a determination. I trust our courts to decide in those instances.

GOODWIN: All right. Well, it's a little bit clearer. I still don't see the need for the law, but I appreciate you answering my questions.

LEACH: I'm glad it's a little bit clearer.

HB 408 ON THIRD READING **(by Collier)**

HB 408, A bill to be entitled An Act relating to the eligibility requirements for a license to carry a handgun.

HB 408 - REMARKS

REPRESENTATIVE V. JONES: Thank you, Representative Collier. Could you please share who brought you this bill?

REPRESENTATIVE COLLIER: My justice of the peace in southeast Fort Worth.

V. JONES: Justice of the peace, okay. And what type of offenses will be removed from the provision of making a person ineligible for obtaining a handgun license?

COLLIER: We don't change who's ineligible, but aggravated robbery would still be ineligible—first-degree burglary, still ineligible. All we're doing is redefining how the word "convicted" is interpreted when you're talking about deferred adjudication for those who have a non-aggravated robbery or burglary of a habitat. And those individuals who successfully complete the deferred adjudication—after 10 years of good behavior and no disqualifying behavior—would be eligible to apply for a license to carry. Which would enable them to look for work that requires that type of license.

V. JONES: Thank you very much, ma'am. For those of us that don't work in the legal field like yourself, could you explain what deferred adjudication is?

COLLIER: Sure, it's a court ordered program. It's something that the court can order based on your type of offense. And if the court sees fit, they can allow you to enter into a deferred adjudication where there is no adjudication—meaning no decision of guilt or innocence on a particular offense—if you complete certain conditions and terms as set out by the court. And if you do that, in the Texas

Penal Code, your deferred adjudication—if you successfully complete all the terms and conditions—you do not have a final conviction. However, what we're trying to fix is the Local Government Code, which interprets a deferred adjudication for the offense of non-aggravated robbery and burglary of a habitat as a conviction, even though the person completed all of the terms. We're just trying to fix that and make sure that we have a parity in the law and to provide an opportunity for those individuals, after 10 years of good behavior—no disqualifying behavior—the ability to apply. Again, DPS still makes the final decision, but we're just removing that barrier to applying for a license to carry. Because remember, these individuals that we're applying this to currently can carry under constitutional carry. But they cannot apply for a license to carry which is a barrier to employment and we want to make sure that these individuals can have access to their future.

V. JONES: Thank you very much. I have one more question. What groups are in support of this bill that you are proposing?

COLLIER: My constituents.

V. JONES: Thank you so much, ma'am. I really appreciate it.

**HB 5081 ON THIRD READING
(by Wilson, et al.)**

HB 5081, A bill to be entitled An Act relating to certain motor vehicle safety inspection fees.

HB 5081 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE WU: I had some constituents call asking questions about this legislation. The point of this legislation is to make sure that the vehicle inspection process is self-sustainable, and that the shops who do this can actually hire enough people to make sure that the services that the state requires actually gets done, correct?

REPRESENTATIVE WILSON: That is correct. The keywords are "the services the state requires." A lot of them are getting out of doing that, simply because it's unaffordable at this time and it's creating long wait lines and so forth.

WU: And so if we don't have this piece of legislation, then the easy answer is that our constituents would have to wait in long lines—would have to wait days, if not weeks—to get an appointment to get their vehicles done, correct?

WILSON: Even worse, if you're in West Texas, you have to drive 30 or so miles just to get to the next town to find a station to do it.

WU: The question that I have—that my constituents had—is that this ties the cost of the fee that's allowed to be retained by the shop to the state salary group A6. Is that correct?

WILSON: It does. That is the lowest salary platform, as you are a state employee.

WU: So because A6 is a salary range and not a discreet amount—the low end being \$26,000 a year and the high end being \$36,000 a year—what would the actual hourly rate be for this legislation?

WILSON: That's a good question. What we have, with the range, would be a \$13.35 per hour wage.

WU: This exact amount would be decided by DPS, as stated in your bill?

WILSON: Yes, sir, I think it's—well, it is within the Public Transportation Code, the Department of Public Safety—

WU: "Section 2. The Department of Public Safety shall adopt"—

WILSON: Yes, that's correct.

WU: What is the expected amount for 2024, if this legislation passes?

WILSON: I would suspect that it would be—since there could possibly be a change as of September 1. I would still see that it would be \$14 or less. But I would say that there is also an additional \$5.50 that is collected on behalf of the state, but it would graduate the inspection stations going from \$7 per inspection to somewhere \$13.35 to around \$14, I would suspect.

WU: Thank you so much.

Representative Moody offered the following amendment to **HB 3266**:

Amend **HB 3266** on third reading by adding the following appropriately numbered SECTIONS to the bill and renumbering subsequent SECTIONS of the bill accordingly:

SECTION _____. To the extent of any conflict, this Act prevails over another Act of the 88th Legislature, Regular Session, 2023, relating to nonsubstantive additions to and corrections in enacted codes.

AMENDMENT NO. 1 - REMARKS

REPRESENTATIVE MOODY: I want to be very clear to the body. The language that you see in front of you as an amendment is the substantive provisions of Chairman King's **HB 2744**—the response to the Uvalde mass shooting that would raise the age to purchase most rifles from 18 to 21. This is the same bill that earlier this week was voted out 8 to 5 by a committee in a bipartisan fashion. The bill allows people, age 18 to 20, to own a .22-caliber rifle. It allows them to possess a rifle in the presence of a lawful transferor, on private property, while hunting, at a range, or for shooting sport. It also doesn't apply to those working in law enforcement or the military. That is what it does.

REPRESENTATIVE T. KING: I want to thank you, Mr. Chairman, for bringing this amendment to the bill. This bill—there's been some allegations that it would stop an adult from buying one of these types of weapons for his child to use on their ranch or anything, but there are some exemptions in this bill. Can you tell us about those?

MOODY: I think the exemptions—which you worked on painstakingly to make this as narrow as possible, because we know there's litigation in this arena and a lot of it's going to be based on the narrowness of the legislation itself. And so the exceptions include, particularly the one that you're talking about, if they're in the presence of a lawful transferor, on private property, while hunting or at a range, or if they're shooting sport. All those activities are not gathered up in the provisions of this amendment.

T. KING: So there's an exemption for peace officers, correct?

MOODY: There's also an exemption for peace officers. And in fact when there were concerns raised to your office about folks in the military—because you have folks in the military that are under 21—and your response was, and I think rightfully so, to exclude them out of the bill. And they're not in this amendment either.

T. KING: And there's an exemption for folks that are honorably discharged from the United States Armed Forces?

MOODY: It includes them as well. Yes, sir.

T. KING: Thank you. And if you've already said this, I apologize. I couldn't hear you. There's an exemption for the transferor of the semiautomatic rifle to a person to carry while in the presence of the transferor, while on the property owned or leased by the transferor, on the premises of the sport shooting ranges, for the purpose of lawful hunting or sporting, at a lawful competition involving the use of a firearm. So that covers the instance where if someone wanted their 16-year-old, for example—or 15-year-old—to have one of these weapons with them when they were driving around on their ranch or something like that, wouldn't it?

MOODY: Yes, sir. It covers all of those instances because those were the concerns that were raised. And in your work, which was diligent and thorough, you addressed them by taking them out of the bill. In fact, I do not know of any group that came forward to you with an objectively reasonable scenario and a fact pattern that you didn't say, "I will write that out of the bill." So distilled down, once you get past all those exceptions, all the amendment says is that someone between the age of 18 and 20, totally unsupervised, can't go and purchase a high-powered rifle.

T. KING: Mr. Chairman, do you remember how old you were when you got your first rifle?

MOODY: I remember shooting a rifle sometime in my late teens.

T. KING: Well, I've seen you shoot before and it's pretty impressive, by the way.

MOODY: I was much older than that.

T. KING: I think I was 12 years old or 14 years old when I got a rifle. It was a .22—single-shot .22, and then later on I got a deer rifle which was a Remington and it had five shots in it, but it was a bolt-action deer rifle like all people use. Is there anything in this bill that would keep a teenager, or an 18-year-old for example, from being able to buy any of those types of rifles?

MOODY: No, in fact you specifically excepted them from the provisions of the bill, and that's exactly what's mirrored in the amendment that's before the body.

T. KING: So the rifle that nearly everybody got when they were a teenager, or the first rifle they bought, is not affected by this bill at all?

MOODY: No, not at all.

T. KING: I think you got a great amendment.

REPRESENTATIVE MARTINEZ FISCHER: Chairman Moody, I appreciate the amendment. There's a lot of emotion in what we do every day, but with regard to this amendment, it's particularly emotional. Please tell us why this, in many instances, is a personal decision to have this kind of discussion because I know it affects us all.

MOODY: It does. And sadly it's likely to impact more of us in a more profound way in the near future. But for me, after what happened in El Paso and then being asked to travel to Uvalde, I distinctly remember a couple of the family members noting that I was from El Paso. And they said, "You know nothing's going to change. What's different? What's going to change?" And I told them that you have to have hope or you shouldn't be in this business. I promised those families—just like I promised those in El Paso—that I would fight every hour, every minute, every day that I was in this body to address safety. And I still have that hope today, and I am still fighting today because that was my promise and will remain my promise.

MARTINEZ FISCHER: And part of our job—I mean, so much is not known. People think we come here, we push a button, and we propose legislation. But every single day we're trying to figure out ways to advocate for our constituents, the people that we love, and those that live in this great state. And that's all you're doing with this amendment—finding opportunities so that we can be heard, have a chance to have this discussion, have this vote, and make a policy choice. That's what this is about, right?

MOODY: This is a policy discussion that deserves to be had and there are many ways to get there. One of the ways is to bring an amendment to the floor, and that's what we did today. And I tell you, it seems like a lifetime ago already, but just earlier this week when the substance of this amendment was voted out as a bill, I took note of something. I've been around the families from Uvalde for near on a year now. Not once before that day had I ever seen any one of them smile. Not one of them had I seen shed a tear out of anything but sadness, not once had I

hugged them and felt that there was some hope and warmth—until that vote. Those folks deserve this conversation and they deserve to have that hope going forward.

MARTINEZ FISCHER: With regard to this amendment and what you're seeking to accomplish, what concerns me as a body is we try to narrowly focus on this issue of the right to bear arms. And what we are talking about is responsible limitations that because of your advocacy and many others—and because families have not given up and have transformed their mission to say, "We're not going to let this tragedy define us. We're going to continue to make change." This is really just a sensible solution to prevent future acts of mass violence, don't you agree?

MOODY: Absolutely. And Mr. Martinez Fischer, the point you raise is exactly what I've been trying to talk to folks about for a long time. We talk all about rights, but never about responsibility. That's what this amendment is about—being responsible. And let me be clear, had this been law last year at this time: Those teachers and those kids would be alive today, full stop.

MARTINEZ FISCHER: Listening to you say that, I can't even see you; I just have a vision and an image in front of me in mind, in my heart, about a very sad day that we will never forget. You don't even have to live in Uvalde. You don't even have to live in Texas. If you have an internet signal, you know. I was looking at some coverage about mass violence and semiautomatic weapons. I mean, it's coming up in foreign languages about things happening in this state. It is about responsibility and I think that mindset, hopefully, is changing. I hope that today on this vote, we're not voting on whether we have arms, we're voting on whether we want responsible ownership—which I think is what your amendment does.

MOODY: This is a very narrowly drafted change in the law that Mr. King has worked on for months and understanding the litigation that's pending, understanding how you have to be nuanced when you regulate in this space. It is as narrow as it possibly could be drawn. It takes into account every exception and every concern that was brought to his office. So why can't we have this discussion about responsible gun ownership?

MARTINEZ FISCHER: Chair Moody, what I'm fearful of is just sort of the continuity and the repetition of weapons like these being involved in mass violence. And I want your opinion, but my assessment is that you read an article about mass violence and it's very quick to point out who was the shooter, who were the victims, and then right next to that is what kind of weapon was used. I worry about that as a trend. That now, it almost seems like it's part of the story—that those three items are always in the top paragraph. The names may be different, the location may be different—may be in a different city—but the one thing that's always consistent is that there was a semiautomatic rifle involved in these mass violence events. Do you see it that way?

MOODY: Yes, that's certainly been the trend in the recent past. And these are weapons that can do an extreme amount of damage in a very short period of time. And when you marry that with youthful folks that have no supervision, like the attacker in Uvalde—who by the way made attempts to purchase before he turned 18 and was thwarted at every turn. Every turn he was thwarted. So our law worked. For those people that say, "Only the good people follow the laws," that's presuming that there's this bizarre world that bad guys operate in that we don't operate in. If there's impediments in the world, they exist for all of us, not just some of us. And this is the concrete example of how our laws do work to thwart bad actors. In this case, once the impediment was removed, a massacre occurred.

MARTINEZ FISCHER: Help me, because I know part of the counterargument would be, "Well, you don't have to be 21 to serve in the military and hold one of these rifles and use one of these rifles." But you have to be 21 to buy beer. So help the body understand the rationale that we have such a high bar for the purchase and consumption of alcohol, but we have such a low bar for a semiautomatic weapon.

MOODY: I've heard some of the discussion around that. I certainly think that we have an obligation to be as responsible as we can be. Part of the reason why you have limitations on alcohol and things like that is the effect that it has on that individual when they are young, when they're still developing. The brain's still developing and the body's still developing. You've seen this in other conversations about other substances as well. There are more profound impacts and so you want to expand that out to a higher age. We know the brain science here, too, and the behavior of people that are of this age group. And so when we're talking about a lethal weapon and one that can create very significant damage very quickly, I think the treatment should be at least similar. Now, you did raise the issue of being in the military. I think Mr. King was very clear that if you are in the military and that's the decision you made—which is a brave decision to make—we're not going to impede you with this amendment. This amendment would not impact you one bit. So if you are bravely making that sacrifice and are being on the front lines, then this wouldn't apply to you.

MARTINEZ FISCHER: That was a conversation with Chair King. I know members were milling around and it's the last day to pass bills so everybody's busy, but that was the essence of the discussion. This amendment is not an attempt on somebody's hunting rifle or to put some across-the-board age limit. Please tell the body one more time, what is this amendment in the narrow limitation here?

MOODY: When you distill it down, with all the exceptions that we've discussed, what the core of the amendment does is it says someone between the ages of 18 and 20, when totally unsupervised, can't go and purchase a high-powered rifle by themselves. That's it.

REPRESENTATIVE WALLE: Chairman Moody, you spent time in Uvalde, is that correct?

MOODY: Yes, sir.

WALLE: You and Chairman Burrows, together along with staff, spent a significant amount of time working on an investigation and a report, is that correct?

MOODY: Yes, sir.

WALLE: You were privy to a lot of documents, photos, and interactions sitting down with family members, is that my understanding?

MOODY: We were given the entire investigative file by the Department of Public Safety. We, as a committee, interviewed a number of witnesses. We personally went to the school and into the hallway. We met with family members, we met with the teachers that were there, and we met with law enforcement that had first responded. I think it was probably the most thorough investigation of its type.

WALLE: One of the number one recommendations of—I don't want to say recommendations, but understandings of that work was this amendment. This is what the families want, is that—

MOODY: The purpose of the investigation, and I want to be clear—the investigative committee was not asked to provide legislative recommendations. What we were asked to do is set level the facts—what happened. Because in the aftermath of this tragedy there was confusion about basic facts. There was no trust in the government actors that were providing the facts and the information. So our task—which I believe was probably an incredibly tall task—was to set level and create trust in the information being provided. And so what we did was provide that information. As an extension of that—I believe when you set level the facts, people like you and I, policymakers—can then go look and they go, "What can we do here?" There were four significant sections of that report. One of them dealt with the attacker. I believe the chapter is titled that. That is the chapter that talks about his attempts to purchase a weapon and talks about them being thwarted. It talks about him trying to attempt straw purchases. Those were the facts of that case—of that instance. The policy proposal that is drawn from those very accurate facts is this amendment would have precluded that tragedy from happening.

WALLE: Thank you for that clarification. The committee and the report didn't issue recommendations, but findings of fact?

MOODY: Correct.

WALLE: And those are undisputed?

MOODY: I will stand behind that report at any time.

WALLE: And the facts are that he—days after turning 18—sought, and was successful in purchasing these high-capacity weapons of war, correct?

MOODY: Yes, sir.

WALLE: In your deliberations, these family members have—and we as policymakers are now here to set the policy tone in how we respond to this situation. This is the way we know how to do it. Is that fair to say?

MOODY: This is our job. I think it was extremely important to lay the facts bare as ugly as they were and as difficult as they were. It wasn't just access to the firearm that was in the facts that were out in that report. This body has deliberated school safety, school hardening, and school security. This body has discussed police accountability and reform. This body has discussed the flow of public information. They've all come to this house floor. The only thing that has not been brought to this house floor until right now via this amendment is the access to firearms. If we're going to talk about the problems of mass violence, we have to talk about every single one of them. I have supported school security, I have supported police accountability, I have supported getting public information done the right way, but I also support commonsense safety reforms like this. If we're not willing to have the entire discussion, then we're doing a great disservice—not just to the families that deserve it in Uvalde, but to the entire State of Texas.

WALLE: The families of Uvalde, the children: Makenna Lee Elrod, 10; Layla Salazar, 11; Maranda Mathis, 11; Nevaeh Bravo, 10; Jose Manuel Flores Jr., 10; Xavier Lopez, 10; Tess Marie Mata, 10; Rojelio Torres, 10; "Ellie" Amyah Garcia, 9; Eliahna Torres, 10; Annabell Guadalupe Rodriguez, 10; Jackie Cazares, 9; Uziyah Garcia, 10; Jayce Carmelo Luevanos, 10; Maite Yuleana Rodriguez, 10; Jailah Nicole Silguero, 10; Irma Garcia, 48; Eva Mireles, 44; Amerie Jo Garza, 10; "Lexi" Rubio, 10; Alithia Ramirez, 10. Those are the names of the children and the two teachers. They've come weekly, is that correct, to this body?

(iii) with respect to inspection and copying of tribal casino records, with five days' prior written notice to the Tribe or Pueblo's Tribal Gaming Commission, not including weekends.

(C) Confidentiality. Except as otherwise provided by law or as also allowed by the exceptions defined below, the State agrees to maintain in confidence and never to disclose to any third party any financial information, proprietary ideas, plans, methods, data, development, inventions, or other proprietary information regarding the gambling enterprise of the Tribes, games conducted by the Tribes, or the operation of the gambling enterprise and games that is provided to the State by the Tribes without the prior written approval of a duly authorized representative of the Tribes, provided the information is marked as confidential information when received by the State. Nothing contained in this Compact shall be construed to prohibit:

(i) the furnishing of any information to a law enforcement or regulatory agency of the United States or State government pursuant to a lawful request of such agency;

(ii) the State from making known the names of persons, firms, or corporations conducting Class III gaming activities pursuant to the terms of this Compact, locations at which such activities are conducted, or the dates on which such activities are conducted;

(iii) publishing the terms of this Compact;

(iv) disclosing information as necessary to audit, investigate, prosecute, or arbitrate violations of this Compact; and

(v) complying with any law, subpoena, or court order. The State shall immediately notify the Tribes of any request or demand for the release of confidential information under this Subsection (a)(4)(C) to allow the Tribes to initiate proceedings under Section 6 of this Compact or other applicable law to resolve any dispute regarding the State's intention to disclose such information.

(D) Tribal Inspection. The Tribes shall have the right to inspect State records concerning all Class III gaming conducted by the Tribes consistent with Texas's Freedom of Information Act.

(E) Dispute Resolution. In the event the State believes that the Tribe or Pueblo are not administering and enforcing the regulatory requirements set forth in this Compact, the State may invoke the procedures set forth in Section 6 of this Compact.

(b) Licensing.

(1) Licensing of Persons. The Tribes may not license, hire, or employ as a key employee or primary management official as those terms are defined at 25 C.F.R. 502.14 and 502.19, in connection with Class III gaming, any person who:

(A) is under the age of 21, unless the person is employed in a non-gaming position;

(B) has been convicted of or entered a plea of guilty or no contest to a gambling-related offense, fraud, or misrepresentation. The terms "fraud or misrepresentation" as used herein shall mean a criminal offense committed in Texas or any other jurisdiction, involving theft, fraud, or misrepresentation, which is a felony or would be a felony if committed in Texas, and which was committed as an adult or prosecuted as an adult offense, and which has not been effectively removed from the employee's criminal record by executive pardon, State court order, or operation of law;

(C) has been convicted of or entered a plea of guilty or no contest to any offense within the immediately preceding five years, whether committed in this state or any other jurisdiction, that is, or would be, a crime under the provisions of the Texas Penal Code, as amended, or the controlled substance provisions of the Texas Health and Safety Code, as amended, or any other criminal offense involving theft, dishonesty, fraud, or misrepresentation arising under the law of Texas or another state or jurisdiction, that was committed as an adult or prosecuted as an adult offense and which has not been effectively removed from the employee's criminal record by executive pardon, State court order, or operation of law; this provision shall not apply if that person has been pardoned by the Governor of the State where the conviction occurred, or, if a tribal member, has been determined by the Tribes to be a person who is not likely again to engage in any offensive or criminal course of conduct and the public good does not require that the applicant be denied a license as a key employee or primary management official;

(D) is determined by the Tribe or Pueblo to have participated in organized crime or unlawful gambling or whose prior activities, criminal records, reputation, habits, or associations pose a threat to the public interest or to the effective regulation and control of gaming, or create or enhance the dangers of unsuitable, unfair, or illegal practices, methods, and activities in the conduct of gaming or to the carrying on of the business and financial arrangements incidental to the conduct of gaming; or

(E) is a person whose license has previously been revoked pursuant to the Tribe or Pueblo's Gaming Ordinances, or to whom the issuance or renewal of a license has been denied, except with the unanimous approval of the Tribe or Pueblo's Tribal Gaming Commissioners.

(2) Licensing of Gaming Service Suppliers. The Tribe and Pueblo's Tribal Gaming Commission shall require a License for any person who supplies gaming services in the amount of \$10,000 or more in any one-month period to the Class III gaming facility. The gaming services supplier, and all persons holding a

10 percent or greater direct or indirect financial interest in the gaming services supplier, shall submit to a background investigation and be required to meet the standards set forth in Subdivision (1).

(3) Consultation with NIGC. At the time a primary management official or key employee is hired, the Tribe and Pueblo's Tribal Gaming Commission shall forward to the NIGC a completed application containing all applicable information. No license shall be issued until either:

(A) receipt of notification that the NIGC has no objection to the issuance of a license; or

(B) the expiration of the 90-day period provided for NIGC review under 25 C.F.R. Section 558.3(c).

(4) Law Enforcement. As a part of the background investigation, the Tribe or Pueblo's Tribal Gaming Commission shall consult with appropriate law enforcement officials concerning any application for a license before the license is issued.

(5) State Verification. On request of the State, the Tribes will provide to the State the background information compiled by the Tribes on all consultants other than legal counsel and accountants, management personnel, suppliers, and employees required to be licensed under 25 C.F.R. Part 556 or the Tribes' gaming ordinances to allow the State to verify the Tribes' background information.

(6) Non-Transferability of License. Any license issued is valid only for the person at the place of business shown on the face of the license. The license is not assignable or otherwise transferable.

(c) Management Agreements.

(1) All management contracts entered into by the Tribes regarding gaming enterprises operated pursuant to this Compact shall conform to all the requirements of the IGRA, including 25 U.S.C. 2711, and tribal law.

(2) If the Tribes enter into or amend a management contract for the operation of any Class III gaming or component thereof, the State shall be given 14 days' prior written notice of such contract or amendment.

(d) Accounting and Audit.

(1) Double Entry System. All accounting records shall be kept on a double entry system of accounting, maintaining detailed, supporting, and subsidiary records. The Tribes shall maintain the following records for not less than three years:

(A) revenues, expenses, assets, liabilities, and equity for the location at which Class III gaming is conducted;

(B) daily cash transactions for each Class III game at the location at which gaming is conducted, including but not limited to transactions relating to each gaming table bank, game drop box, and gaming room bank;

(C) all markers, IOUs, returned checks, hold checks, or other similar credit instruments;

(D) individual and statistical game records, other than card game records, to reflect statistical drop and statistical win and for electronic, computer, or other technologically assisted games, analytic reports that show the total amount of cash wagered and the total amount of prizes won;

(E) contracts, correspondence, and other transaction documents relating to all vendors and contractors;

(F) records of all tribal gaming enforcement activities;

(G) audits prepared by or on behalf of the Tribe or Pueblo; and

(H) personnel information on all Class III gaming employees or agents, including rotation sheets, hours worked, employee profiles, and background checks.

(2) Audit. The Tribe and Pueblo shall respectively cause to be conducted annually an independent audit of all their respective gaming operations.

(A) Applicability. All gaming related contracts that result in the purchase of supplies, services, or concessions in amounts that exceed \$25,000 annually, except contracts for professional legal and accounting services, shall be specifically included within the scope of the audit.

(B) Submission to NIGC. The Tribes shall submit the resulting audit reports to the National Indian Gaming Commission.

(C) Submission to State. The Tribes shall submit the respective resulting audit reports to the State, together with a copy of the engagement letter setting forth the scope of the audit.

SECTION 5. PROVIDERS OF CLASS III GAMING EQUIPMENT OR SUPPLIES. (a) No Class III games of chance, gaming equipment, or supplies may be purchased, leased, or otherwise acquired by the Tribes unless the Class III equipment or supplies meet the technical equipment standards established by the National Indian Gaming Commission.

(b) Before entering into any lease or purchase agreement, the Tribes shall obtain sufficient information and identification from the proposed seller or lessor and all persons holding any direct or indirect financial interest in the lessor or the lease/purchase agreement to permit the Tribes to conduct a background check on those persons. The Tribes shall not enter into any lease or purchase agreement for Class III gaming equipment or supplies with any person or entity if the lessor, seller, or any manager or person holding direct or indirect financial interest in the lessor or seller or the proposed lease or purchase agreement is determined to have participated in or have involvement with organized crime or has been convicted of or entered a plea of guilty or no contest to any other felony offense within the immediately preceding five years, unless that person has been pardoned.

(c) The seller, lessor, manufacturer, or distributor shall provide, assemble, and install all Class III games of chance, gaming equipment, and supplies in a manner approved and licensed by the Tribe or Pueblo.

SECTION 6. DISPUTE RESOLUTION. In recognition of the government-to-government relationship of the Tribes and the State, the parties shall make their best efforts to resolve disputes that arise under this Compact by good faith negotiation whenever possible. Therefore, the Tribes and State (for the purposes of this Section also referred to as the "party" or "parties") shall seek to resolve disputes by first meeting and conferring in good faith to foster a spirit of

cooperation and efficiency in the administration and monitoring of the performance and compliance of the terms, provisions, and conditions of the Compact, as follows:

(1) Either party shall give the other, as soon as possible after the event giving rise to the concern, a written notice setting forth the facts giving rise to the dispute and with specificity, the issues to be resolved.

(2) The other party shall respond in writing to the facts and issues set forth in the notice not later than the 15th day after the date the notice is received, unless both parties agree in writing to an extension of time.

(3) The parties shall meet and confer in good faith by telephone, by a video communication platform, or in person in an attempt to resolve the dispute through negotiation not later than the 30th day after the date of receipt of the notice in Subdivision (1), unless both parties agree in writing to an extension of time.

(4) Disputes that are not otherwise resolved by mutually agreed means may be resolved in the United States District Court in the judicial district where the Tribe's or Pueblo's respective Gaming Facilities are located, or if the federal court lacks jurisdiction, in the state court of competent jurisdiction in the County where the Tribe's or Pueblo's respective Gaming Facilities are located.

(5) Each Party shall be responsible for any attorney's fees or other litigation costs it incurs in connection with any dispute or litigation arising under this Compact.

(6) This Section may not be construed to waive, limit, or restrict the ability of the parties to address the issues arising out of this Compact, by mutual agreement in writing, to pursue dispute resolution by mediation.

(7) For the purpose of actions based on disputes between the Tribe or the Pueblo and the State that arise under this Compact and the judicial enforcement of any judgment or award resulting therefrom, the Tribes and the State expressly waive their right to assert any and all sovereign immunity from suit and enforcement of any ensuing judgment and further consent to be sued in federal or state court, as the case may be, provided that:

(A) the dispute is limited solely to issues arising under this Compact;

(B) neither the Tribes nor the State makes any claim for restitution or monetary damages, except that payment of any money expressly required by the terms of this Compact may be sought, and solely injunctive relief, specific performance, including enforcement of a provision of this Compact expressly requiring the payment of money to one or another of the parties, and declaratory relief, limited to a determination of the respective obligation of the parties under this Compact, may be sought; and

(C) nothing herein shall be construed to constitute a waiver of the sovereign immunity of either the Tribes or the State with respect to any third party that is made a party or intervenes as a party to the action.

SECTION 7. NOTICE TO PATRONS. In the facility of the Tribes where Class III gaming is conducted, the Tribes shall post in a prominent position a Notice to patrons at least two feet by three feet in dimension with the following language:

NOTICE

THIS FACILITY IS REGULATED BY ONE OR MORE OF THE FOLLOWING: THE NATIONAL INDIAN GAMING COMMISSION, THE BUREAU OF INDIAN AFFAIRS OF THE UNITED STATES DEPARTMENT OF THE INTERIOR, AND THE GOVERNMENT OF THE TRIBE. THIS FACILITY IS NOT REGULATED BY THE STATE OF TEXAS.

SECTION 8. REGULATION OF THE SALE OF ALCOHOLIC BEVERAGES AND TOBACCO. (a) The Tribes hereby adopt and apply to their respective Class III gaming establishments as tribal law those State laws, as amended, relating to the sale and regulation of alcoholic beverages encompassing the following areas: sale to a minor; sale to a visibly intoxicated individual; sale of adulterated or misbranded liquor; hours of operation; and similar substantive provisions. Said tribal laws, which are defined by reference to the substantive areas of State laws referred to above, shall apply to the respective tribal Class III gaming establishment in the same manner and to the same extent as such laws apply elsewhere in the State to off-reservation transactions.

(b) The Tribes will respectively adopt ordinances as described in Subsection (a) and seek approval of their ordinance, if required, from the United States Department of the Interior. On approval by the Department of the Interior, if applicable, the Tribes will pass and enforce the respective local ordinances on Eligible Indian Lands as tribal law.

(c) The Tribes agree to prohibit sales of tobacco to minors at their Class III gaming facilities.

SECTION 9. EFFECTIVE DATE. This Compact shall be effective immediately on:

(1) endorsement by the respective Tribal Chairperson or Tribal Governor and concurrence in that endorsement by resolution of the respective Tribal Council;

(2) endorsement by the Governor of the State; and

(3) approval by the Secretary of the Interior of the United States or by operation of law pursuant to 25 U.S.C. Section 2710(d)(8)(C) of the IGRA.

SECTION 10. BINDING EFFECT, DURATION, AND SEVERABILITY. (a) This Compact shall be binding on the State and the Tribes from the date it becomes effective unless modified or terminated by written agreement of both parties.

(b) The parties agree that 25 U.S.C. Section 2710(d)(3) through (8) of the IGRA, or any successor provisions of law, apply to successor compacts.

(c) The Tribes may, pursuant to the procedures of the IGRA, request the State to enter into negotiations for a successor compact governing the conduct of Class III gaming activities. If the parties are unable to conclude a successor

compact, this Compact shall remain in full force and effect pending exhaustion of the administrative and judicial remedies set forth in the IGRA and any other applicable federal law.

(d) In the event that any section or provision of this Compact is disapproved by the Secretary of the Interior of the United States or is held invalid by any court of competent jurisdiction, it is the intent of the parties that the remaining sections or provisions of this Compact, and any amendments thereto, shall continue in full force and effect. This severability provision does not apply to Sections 14 and 15 of this Compact.

SECTION 11. NOTICE TO PARTIES. (a) Unless otherwise indicated, all notices, payments, requests, reports, information, or demand which any party hereto may desire or may be required to give the other party under this Compact, shall be in writing and shall be personally delivered or sent by first-class, certified or registered United States Mail, postage prepaid, return receipt requested, and sent to the other party at its address appearing below or such other address as any party shall hereinafter inform the other party by written notice.

(b) Notice to the Tribes shall be sent to:

(1) Alabama-Coushatta Tribe of Texas:

Chairperson-Tribal Council
Alabama-Coushatta Tribe of Texas
571 State Park Road 56
Livingston, Texas 77351

(2) Ysleta del Sur Pueblo:

Governor-Tribal Council
Ysleta del Sur Pueblo
119 South Old Pueblo Road
El Paso, Texas 79907

(c) Notice to the State shall be sent to:

Office of the Governor
P.O. Box 12428
Austin, TX 78711

(d) Every notice, payment, request, report, information, or demand so given shall be deemed effective on receipt, or if mailed, on receipt or the expiration of the third day following the day of mailing, whichever occurs first, except that any notice of change of address shall be effective only on receipt by the party to whom said notice is addressed.

SECTION 12. ENTIRE AGREEMENT. This Compact is the entire agreement between the parties and supersedes all prior agreements, whether written or oral, with respect to the subject matter of this Compact. Neither this Compact nor any provision in the Compact may be changed, waived, discharged, or terminated orally, but only by an instrument in writing signed by the Tribes and the State.

SECTION 13. FILING OF COMPACT WITH SECRETARY OF STATE. On the effective date of this Compact, a certified copy shall be filed by the Governor with the Texas Secretary of State and a copy shall be transmitted to

each house of the Texas State Legislature and the Texas Attorney General. Any subsequent amendment or modification of this Compact shall be filed with the Texas Secretary of State.

SECTION 14. TRIBAL PAYMENTS TO STATE FOR ECONOMIC BENEFITS OF EXCLUSIVITY. (a) The State and the Tribes acknowledge and recognize that this Compact provides the Tribes with substantial exclusivity and, consistent with the goals of the IGRA, special opportunities for tribal economic opportunity through covered gaming activity in the state. In consideration of the substantial exclusivity, so long as the State does not, after January 1, 2024, authorize or allow the operation of any additional form of gaming within the individual Tribe's Competitive Market, the Tribes agree to pay the State a percentage of the revenue derived from covered game revenues in an amount equal to five percent of the net win received by the Tribes in a calendar year from the play of Class III covered games. The amount is due and payable not later than the 20th day after the last date of the preceding quarter for the revenue received by the Tribes in the preceding quarter.

(b) Payment of revenue due under this Compact shall be made to the comptroller of public accounts of the State. Nothing in this Compact allocates the revenue to a particular state purpose.

(c) This Compact does not authorize the State to impose any tax, fee, charge, or assessment of the Tribes or an enterprise of the Tribes.

(d) The payments provided for in this Section of the Compact are subject to the following restrictions:

(1) In the event the State authorizes the State Lottery to operate Electronic Games of Chance, as defined by this Compact, the payments under this Section shall be reduced by 50 percent as of the date on which those games become available to the public and this reduction shall remain in effect so long as those games remain available to the public. The remaining 50 percent of the payments shall remain in effect as a continuing incentive to the State to refrain from approving the operation of a Commercial Gaming Facility within the individual Tribe's Competitive Market.

(2) In the event the State authorizes or approves the operation of Electronic Games of Chance by a Commercial Gaming Facility within the individual Tribe's Competitive Market Area, the payment obligation under this Section shall be suspended in its entirety so long as the Commercial Gaming Facility continues to operate.

(3) In the event the State authorizes and approves the simultaneous operation of more than one Commercial Gaming Facility, including a licensed pari-mutuel horse or dog track, to operate Electronic Games of Chance, as defined by this Compact, within 100 miles of the boundary of the Tribes, payments made by the Tribes shall be reduced by 75 percent as of the date on which those games become available to the public and this reduction shall remain in effect so long as those games remain available to the public.

SECTION 15. TRIBAL PAYMENTS TO LOCAL UNITS OF GOVERNMENT. (a) In addition to the payments to the State in Section 14 of this Compact, the Tribes shall also make payments in the manner described in this

Section in an amount equal to two percent of the annual Net Win to the local units of government that are located in the immediate vicinity of the casino or that are otherwise directly affected by the operation of the casino. It is the intent of the State and the Tribes that the payments to local units of government provided for in this Section will be used primarily to provide financial resources to those political subdivisions of the State that actually experience increased operating costs associated with the operation of the Tribes' Class III gaming facilities.

(b) Local Revenue Sharing Board.

(1) The local units of government within which the gaming facility is located may, at their option, elect to form a Local Revenue Sharing Board in conjunction with the Tribes in the manner described in this Subsection. In that event, the Board shall receive and direct the disbursement of the payments required by this Section.

(2) The Local Revenue Sharing Board shall be created pursuant to an Inter-Governmental Memorandum of Understanding, entered into between the Tribe or Pueblo and the following respective local units of government: (1) the county in which the casino is located; (2) the municipality, village, or township in which the casino is located; and (3) any remaining units of local government in the immediate vicinity of the casino that choose to be parties to the Inter-Governmental Memorandum of Understanding. The Inter-Governmental Memorandum of Understanding shall provide that the Local Revenue Sharing Board shall consist of the following individuals:

(A) one representative selected by the governing body of the county in which the Tribes' Class III gaming facilities are located;

(B) one representative selected by the governing body of the municipality, village, or township in which the Tribes' Class III gaming facilities are located;

(C) one representative selected by the remaining units of local government that are parties to the Inter-Governmental Memorandum of Understanding; and

(D) three representatives selected by the Tribes.

(3) Any disbursement of funds by the Local Revenue Sharing Board concerning the distribution of revenues shall require an affirmative vote of at least four of the six representatives composing the Board.

(4) The Tribes agree that they shall not unreasonably obstruct or impede the formation of their respective Local Revenue Sharing Boards which are amicably formed by the non-Tribal local units of government.

(5) The procedures for the functioning of the Local Revenue Sharing Boards, guidelines for establishment of criteria or a formula for the distribution of revenues, and all other matters not specified in this Compact shall be determined by the non-Tribal members of the Local Revenue Sharing Boards.

(6) Funds paid by the Tribes to the Local Revenue Sharing Boards shall be held in an interest bearing account and the available funds shall be disbursed by the Boards consistent with the following priorities:

(A) Each unit of government shall first receive an amount equal to any specific actual costs incurred by that unit of government as the result of the development or operation of the Tribes' Class III gaming facilities, including payment to local units of government for police, fire, and public safety services.

(B) Each unit of local government shall next receive an amount equivalent to the amount of ad valorem property taxes that the unit of government would have received if the Tribes' Class III gaming facilities were subject to ad valorem property taxes.

(C) The balance of such funds remaining after the disbursements described in Paragraphs (A) and (B) of this Subdivision shall be allocated and disbursed by the Boards to eligible local units of government, including the school district in which the Tribes' Class III gaming facilities are located, to be used by those units of government for any lawful local government purpose.

(7) All payments due the local units of government pursuant to the terms of this Section shall be paid not later than the 20th day after the last day of the preceding quarter for the revenue received by the Tribes in the preceding quarter. Any payments due and owing from the Tribes in the year this Compact is approved, or the final year the Compact is in force, shall reflect the actual Net Win but only for the portion of the year the Compact is in effect.

(c) In the event that the eligible local units of government fail or decline to form a Local Revenue Sharing Board pursuant to Subsection (b), the Tribes shall allocate and disburse the funds required by this Section.

SECTION 16. TAXES. By entering into this agreement, neither the Tribes nor the State of Texas intend to create any new authority, nor to expand or diminish any existing authority, on the part of the State of Texas to impose taxes on the Tribes, their members, or any person or entity doing business with the Tribes pursuant to this Compact.

SECTION 17. LIABILITY FOR DAMAGE TO PERSONS AND PROPERTY. (a) During the term of this Compact, the Tribes shall each maintain public liability insurance with limits of not less than \$250,000 for any one person and \$4 million for any one occurrence for personal injury, and \$2 million for any one occurrence for property damage.

(b) The Tribes' respective insurance policies shall include an endorsement providing that the insurer may not invoke tribal sovereign immunity up to the limits of the policy required under Subsection (a).

(c) Neither the Tribes nor the State are creating, or intend to create, any rights in third parties which would result in any claims for any nature whatsoever against the Tribes or the State as a result of this Compact. Neither the Tribes nor the State have waived immunity from third-party suits or claims of any kind or nature whatsoever against them, and nothing contained in this Compact shall be construed to effect a waiver, in whole or in part, of said immunity.

SECTION 18. PROGRAM TO PROMOTE RESPONSIBLE GAMBLING. (a) Each Tribal Gaming Commission shall establish a program to promote responsible gaming and to mitigate pathological and reckless gambling by requiring:

(1) that all Gaming Facility supervisors and gaming floor employees are trained on responsible gaming and to identify and manage reckless gambling;

(2) that the Gaming Facility make available to patrons at conspicuous locations and ATMs in the Gaming Facility educational and informational materials which aim at the prevention of reckless gambling and that specify where to find assistance;

(3) the Gaming Facility to establish self-exclusion programs whereby a self-identified reckless gambler may request the halt of promotional mailings, the revocation of privileges for casino services, the denial or restraint on the issuance of credit and check cashing services, and exclusion from the Gaming Facility;

(4) the Gaming Facility to establish an involuntary exclusion program that allows the Gaming Operation to halt promotional mailings, deny or restrain the issuance of credit and check cashing services, and deny access to the Gaming Facility to patrons who have exhibited signs of reckless gambling;

(5) the Gaming Facility to display at conspicuous locations and at ATMs within the Gaming Facility signage bearing a toll-free help-line number where patrons may obtain assistance for reckless gambling issues;

(6) the Gaming Facility to make diligent efforts to prevent underage individuals from loitering in the area of the Gaming Facility where the Gaming Activities take place; and

(7) the Gaming Facility to assure that advertising and marketing of the Gaming Activities at the Gaming Facility contain a responsible gambling message and a toll-free help-line number for reckless gamblers, where practical, and that they make no false or misleading claims.

(b) Nothing in this Compact is intended to grant any third party the right to sue based on a perceived violation of these standards.

IN WITNESS WHEREOF, the Tribal Chairperson or Tribal Governor, acting for the Tribes and the Governor acting for the State of Texas have set their hands and seals.

Date: [DATE]

An attorney representing the state may not proceed in a trial of an offense unless the law enforcement officer complied with the requirements of this subsection.

SECTION _____. Section 37.141(1), Education Code, is amended to read as follows:

(1) "Child" means a person who is:

(A) a student; and

(B) at least 13 ~~[+0]~~ years of age and younger than 18 years of age.

SECTION _____. Sections 8.07(d) and (e), Penal Code, are amended to read as follows:

(d) Notwithstanding Subsection (a), a person may not be prosecuted for or convicted of an offense described by Subsection (a)(4) or (5) that the person committed when younger than 13 ~~14~~ years of age.

(e) A person who is at least 13 ~~14~~ years of age but younger than 15 years of age is presumed incapable of committing an offense described by Subsection (a)(4) or (5), other than an offense under a juvenile curfew ordinance or order. This presumption may be refuted if the prosecution proves to the court by a preponderance of the evidence that the actor had sufficient capacity to understand that the conduct engaged in was wrong at the time the conduct was engaged in. The prosecution is not required to prove that the actor at the time of engaging in the conduct knew that the act was a criminal offense or knew the legal consequences of the offense.

SECTION _____. The following provisions are repealed:

- (1) Article 45.058(j), Code of Criminal Procedure;
- (2) Sections 37.124(d) and 37.126(c), Education Code; and

(b) As soon as practicable after the effective date of this Act, the Texas Juvenile Justice Department shall update the training provided to juvenile probation departments to include the changes in law made by this Act.

(c) As soon as practicable after the effective date of this Act, the Supreme Court of Texas Children's Commission shall disseminate information to judges and attorneys in this state regarding the changes in law made by this Act.

HR 1711 - ADOPTED (by Anchía)

Representative Anchía moved to suspend all necessary rules to take up and consider at this time **HR 1711**.

The motion prevailed.

The following resolution was laid before the house:

HR 1711, Commending Marissa Cummings for her service as a Texas Legislative Internship Program Fellow and legislative aide in the office of State Representative Rafael Anchía.

HR 1711 - REMARKS

REPRESENTATIVE ANCHÍA: This chamber would not function without our hardworking staff, and today I just want to shout out my incredibly hardworking team for which I am grateful. Today is the last day—or penultimate day, I should say—that I get to experience the extreme good fortune of working with Marissa Cummings, who is a distinguished fellow in the Texas Legislative Internship Program, also known as TLIP. Because tomorrow is her last day in the pink dome, she is going to be moving on and pursuing her dreams working at Legal Aid of North Carolina as an attorney. We did not want her to leave without being recognized for her work, her dedication, and her service to all Texans. Marissa has been a vital member of the team. She has been particularly involved with critical policy issues such as voting rights, improving health care access, LGBTQIA rights, and gun safety.

Marissa is currently a student at the esteemed Texas Southern University Thurgood Marshall School of Law, and she is a graduate of the University of Houston where she holds a bachelor's degree in broadcast journalism. And she worked for Houston Public Media's News 88.7 and for KIII TV—Channel 3 News in Corpus Christi. Members, Chairman Hunter, I thought you'd appreciate that. She did all that before pursuing her legal studies.

So Marissa, on behalf of the Texas House of Representatives, I want to extend our sincerest best wishes for your continued success in all your endeavors. And members, I ask that you join me in congratulating the great Marissa Cummings. Marissa, take a bow.

**CSHB 4483 ON SECOND READING
(by Lozano)**

CSHB 4483, A bill to be entitled An Act relating to a study by the Texas A&M Transportation Institute regarding the economic impact of navigation districts on the state and local economies.

CSHB 4483 - REMARKS

REPRESENTATIVE LOZANO: This bill would create an economic impact study by the Texas A&M Transportation Institute regarding the impact of navigation districts on the state and local economies.

Amendment No. 1

Representative Lozano offered the following amendment to **CSHB 4483**:

Amend **CSHB 4483** (house committee report) by striking all below the enacting clause and substituting the following:

SECTION 1. (a) In this section, "institute" means the Texas A&M Transportation Institute.

(b) The institute, in consultation with the comptroller of public accounts and the standing committees of the legislature with primary jurisdiction over the institute, shall study each navigation district and municipal utility agency responsible for a ship channel with a federally authorized depth of at least 35 feet in this state.

(c) In conducting the study, the institute shall, for each navigation district and municipal utility agency:

- (1) analyze the district's and agency's:
 - (A) collection of taxes received for goods and services;
 - (B) assessment of fees imposed by the district or agency;
 - (C) cargoes and commodities;
 - (D) navigation safety; and
 - (E) primary expenditures; and
- (2) collect the following information:
 - (A) annual tax income;
 - (B) annual fee income;
 - (C) consistency of tax income;
 - (D) consistency of fee income;
 - (E) historical rate of growth in the previous 15 years for tax income;
 - (F) historical rate of growth in the previous 15 years for fee income;
 - (G) fee income sources;
 - (H) expenditures based on the following categories:

- (i) labor for maintenance and operations;
- (ii) materials for maintenance and operations;
- (iii) materials for expansion projects;
- (iv) consumables;
- (v) cost overruns;
- (vi) utilities;
- (vii) capital expenditures;
- (viii) project expenditures; and
- (ix) operating expenditures;

(I) direct economic impacts to the state and local economies from the district's or agency's activities;

(J) projected economic growth over the next 10 years;

(K) an assessment of all import and export commodities; and

(L) a comprehensive analysis of security and resiliency of cargoes, vessels, containers, and navigation.

(d) The institute shall disaggregate the data described by Subsection (c) by county.

(e) Not later than December 1, 2024, the institute shall prepare a written report with the information described by this section, a summary of the institute's findings, and recommendations for legislative or other action and submit the report to the governor, the lieutenant governor, the speaker of the house of representatives, and the chairs of the committees of the legislature with primary jurisdiction over the institute.

(f) This section expires January 1, 2025.

SECTION 2. This Act takes effect September 1, 2023.

AMENDMENT NO. 1 - REMARKS

REPRESENTATIVE LOZANO: This amendment would pretty much completely replace this language. It would still be a study by the Transportation Institute of Texas A&M, but it would specifically analyze several provisions, analyzing the districts' and agencies' assessment of fees.

Amendment No. 2

Representative Lozano offered the following amendment to Amendment No. 1:

Amend Amendment No. 1 by Lozano to **CSHB 4483** (house committee report) as follows:

AMENDMENT NO. 2 - REMARKS

REPRESENTATIVE LOZANO: This amendment to the amendment would remove the review of the collection of taxes—annual tax income, consistency of tax income, and historical rate of growth of tax income.

Amendment No. 2 was adopted.

Amendment No. 1, as amended, was adopted.

CSHB 4483 - REMARKS

REPRESENTATIVE CANALES: I wanted to talk to you a little bit about this bill, as briefly as possible. Initially, the bill as proposed was to sunset a port in your district. Was that correct?

REPRESENTATIVE LOZANO: That's correct.

CANALES: And the reality was, in order to do something of that nature, we needed regional consensus. Is that correct?

LOZANO: That's correct.

CANALES: We just didn't have that, did we?

LOZANO: No, sir.

CANALES: We didn't have county consensus, we didn't have cities' consensus. In an effort to actually move forward on a statewide basis and learn more about our ports, you and I moved forward with this study so that we can come back next session and do what we can to make sure these economic engines move forward.

LOZANO: Yes, that's correct, sir.

CANALES: And this is negotiated language between you and I—this is moving forward to make sure that we get Texas moving in the right direction. Is that correct?

LOZANO: That's correct, Chairman.

CANALES: Thank you for all your hard work, Chairman.

LOZANO: Thank you, Chairman.

SB 784 ON SECOND READING

(Landgraf - House Sponsor)

SB 784, A bill to be entitled An Act relating to the exclusive jurisdiction of the state to regulate greenhouse gas emissions in this state and the express preemption of local regulation of those emissions.

SB 784 was considered in lieu of **HB 2211**.

SB 784 - REMARKS

REPRESENTATIVE GOODWIN: Your bill states that the state should have exclusive jurisdiction over the regulation of greenhouse gas emissions. I am not sure about exclusive, but I do agree that the state should have jurisdiction over the regulation of greenhouse gases. And so I would like to know: What steps the state is taking to regulate greenhouse gases?

REPRESENTATIVE LANDGRAF: To answer the first part of your question, yes, the word "exclusive" does appear in the bill as a proposed provision to that section. But it also does very clearly state that is only the case to the extent that state law would be preempted by federal law. So it would be within the context of state versus local regulation—there would be exclusive regulatory authority given to the state. To answer the second part of your question, the short answer is obviously we have lawmaking authority here in the legislature, but also TCEQ has numerous regulations dealing with this subject matter.

GOODWIN: I'm sure you're aware, many areas of Texas are in severe nonattainment for ozone and the state has an agreement with the federal government called the State Implementation Plan, or SIP, to reduce these emissions. You include nitrogen oxide as a greenhouse gas that cities cannot regulate, but reducing nitrogen oxide emissions are called for in our SIP to reduce ozone emissions. If cities are following strategies in the SIP, and making rules to enforce limits on the amount of time a car, ship, or construction equipment is allowed to idle, are they violating the bill?

LANDGRAF: To simply answer the question: If that is a regulation that is already established at the state level. And in the case of NOx emissions, that is the case. Especially in the nonattainment, or near nonattainment, areas that you referenced where state law already applies. I want to be clear, we're talking simply about the regulation of greenhouse gas emissions. There can be programs that are in place at local levels that either allow for grant funding—there can be notification campaigns, there can be advocacy campaigns that some municipalities and other local political subdivisions engage in, that is not prohibited under this bill. This bill simply states that state regulation basically has primacy over local regulations, when it comes to greenhouse gas emissions specifically.

GOODWIN: So what you said is local jurisdictions can still implement programs?

LANDGRAF: Yes.

GOODWIN: Okay. Some cities have worked toward cleaner air by installing additional air monitors, building out EV charging infrastructure and mass transit options, and ensuring new buildings are energy efficient. I know many cities are creating climate action plans to guide their efforts to reduce emissions, but I'm confused about what parts of these plans violate this bill. Can you give me any specific examples of how cities are regulating greenhouse gases in ways that would violate this bill?

LANDGRAF: You're asking two different questions there. I'll answer the second one first. It's clearly stated in the bill that there is no prohibition against the programs that you referenced in the first part of your question. The second part, the violative local statutes would be any that seek to regulate greenhouse gas emissions in a way that is different from what the state would do in that arena.

GOODWIN: Basically, they have to fall in line with whatever the state says is appropriate?

LANDGRAF: It is saying that the state is the regulatory authority when it comes to greenhouse gas emissions.

GOODWIN: Many cities are increasing recycling and diverting organic waste from their landfills to reduce emissions. Would this bill affect cities' efforts to divert organic waste to reduce methane emissions?

LANDGRAF: Just based on the way you described those programs, no.

GOODWIN: So they still could continue those?

LANDGRAF: Based on the way you described them, yes.

GOODWIN: Cities are making investments to add rooftop solar to city facilities, replacing city fleets with cleaner vehicles, and investing in weatherization. These investments ultimately save the cities' money while reducing greenhouse gas emissions. Does your bill negate these important investments the cities are making?

LANDGRAF: Based on the way you described those, I would say no.

GOODWIN: Some cities have closed areas of their downtown to vehicle traffic to reduce congestion and improve safety and quality of life for their citizens. This also has a benefit of reducing greenhouse gas emissions. Is banning road traffic through parts of a city considered regulation of greenhouse gases?

LANDGRAF: It's possible that could be, yes.

GOODWIN: Does this bill in any way prevent cities from creating climate action plans with the goal of reducing greenhouse gases?

LANDGRAF: Based on the face of that description, I would say no.

GOODWIN: So they can still have climate action plans?

LANDGRAF: There's a very bright, line distinction here between those climate action plans and the direct regulation of GHG emissions.

GOODWIN: We do need a unified and coherent system for addressing climate change and regulating greenhouse gas emissions in Texas and I hope this will be something that we focus on in the months ahead. However, until the state has a comprehensive plan for greenhouse gas regulation, I believe we should allow our cities to enact ordinances that work to protect the citizens of those cities, to protect the environment, and to have clean air, and to reduce our output of greenhouse gases.

(by Gates, C.J. Harris, Burrows, Canales, Allen, et al.)

CSHB 2615, A bill to be entitled An Act relating to the operation by a school district of a foundation and trade diploma program to provide eligible high school students with educational training under a plan for the issuance of a high school diploma and the application of certain student-based allotments under the public school finance system.

CSHB 2615 was read second time earlier today, postponed until 9:30 p.m. today, and was again postponed until this time.

CSHB 2615 - POINT OF ORDER

Representative Wu raised a point of order against further consideration of **CSHB 2615** under Rule 4, Section 32(c)(3), of the House Rules. The speaker sustained the point of order, announcing his decision to the house as follows:

Mr. Wu raises a point of order against further consideration of **CSHB 2615** under Rule 4, Section 32(c)(3), on the grounds that the rulemaking authority statement in the bill analysis is incorrect.

The bill adds Chapter 30B to Education Code to establish a new foundation and trade diploma program. Mr. Wu argues that the bill analysis fails to identify new rulemaking authority delegated to the education commissioner. He notes that the bill provides that a student in the program established by the bill must "satisf[y] any other high school graduation requirements provided by commissioner rule[.]" Mr. Gates argues that the phrase "by commissioner rule" merely references the commissioner's existing rulemaking authority under other law.

The bill expressly recognizes that the commissioner does not have existing authority to implement its provisions. The bill exempts program students from the current graduation requirements "only if the program is administered in accordance with Chapter 30B and any applicable rules adopted by the agency . . . under that chapter." Reading all provisions of the bill together, the phrase "by commissioner rule" expressly delegates rulemaking authority to the education commissioner. A bill analysis must indicate all rulemaking authority delegated by the bill. See 74 H. Jour. 943 (1995). Here, it did not do so.

Accordingly, the point of order is well-taken and sustained.

CSHB 2615 was returned to the Committee on Public Education.
