Our Heavenly Father, we come to you this morning as this legislative body convenes to give thanks for these women and men who have been elected to represent the citizens of the great State of Texas. I ask your divine blessings upon the speaker of the house, Joe Straus, as he presides and upon each representative as they seek to work for the good of their constituents and for all of the state.

We are mindful of the multiple issues that confront Texas and our nation. Today, the crisis presented by the H1N1 swine flu virus dominates much of the news. We pray for those who may have contracted the disease, that you might grant your healing and comfort to them and their families. Give Governor Rick Perry and those who have responsibility in the public health field wisdom as they

make decisions, that they may use available resources wisely and efficiently. May they give leadership that will help avert fear and panic as schools close and communities face the issue on a local level.

We confess our need for wisdom and for physical and moral strength to meet the challenges facing us. We also confess our faith and hope in you, our creator God, who is sovereign over all the world. We humbly ask for your love, for your guidance, and your grace to be upon each one. I pray this on our behalf through your son. Amen.

HB 2876, A bill to be entitled An Act relating to the authority of an administrative law judge to order the release of certain information relating to a child abuse and neglect investigation.

HB 2876 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE GUTIERREZ: Representative Patrick, you and I had a discussion about your bill earlier today, did we not? You and I discussed this bill earlier this afternoon?

REPRESENTATIVE PATRICK: Yes, thank you.

GUTIERREZ: My concern is—and I think I'm okay with this bill—my concern is that this information would not be subject to being disseminated publicly, but rather just simply to the parties in the court, within the court itself, correct?

PATRICK: Correct. The law already restricts the use of these records if a judge orders them to be released. They can be used only for the purposes that are consistent with the Family Code and applicable federal or state laws on CPS rules. Thank you for bringing that to our attention.

GUTIERREZ: Yes, Representative Patrick, and the reason for it is that we have a criminal system and we have a civil system where the FPS can go in there and take the children and get them away from this neglect. My concern is the abuse of a system where something may or may not happen that never rose to that level, to that secondary level—that primary level, rather. So with that in mind, I think that the bill is okay.
