O Jehovah, our God, who alone possesses immortality, who dwells in light unapproachable, who is the blessed and only potentate, whom no man has seen, nor can see, the King of kings and Lord of lords, to whom belongs eternal honor and power. We humbly beseech you to hear our prayer and send down your blessings upon our great state and these men and women who have been placed by the electorate of the State of Texas over our governance. We thank you, O God, for these good men and women who have accepted this awesome responsibility of leadership, and we ask for your blessings upon them as they

discharge this great work. May they never forget that they receive their authority to govern from the consent of the people, and may we the people never shirk our personal and individual responsibilities to be a part of the election and lawmaking process.

We pray that these legislators will be guided by the wisdom that comes from your holy word, the Bible, that the decisions they make which affect the morality of our state will be dictated by the standards of your holy character, and that the spirit of Jesus, your Son, will permeate their every action and thought in governing on our behalf. We also pray that the welfare of the citizens of our great republic, as well as the freedoms and liberties to which all men are entitled by inalienable right, being the creation of Almighty God, will be among the major priorities which determine and drive their decisions and decrees. O God, we implore you, that these legislators will make as one of the platforms of their credo the benefit and self-protection of the law-abiding citizens of Texas, and that they will work to protect and preserve those rights for every one of us—Texans one and all. May they be assured of our continued support as long as this is their focus.

And now, as this current session of the Texas Legislature convenes, we entrust its men and women and its success in prospering the general welfare of the populace of the State of Texas into the keeping of your divine hands. In the name of him who is Lord of lords and King of kings, Jesus the Christ of Nazareth, we pray. Amen.

Representative Morrison moved to instruct the Conference Committee on **SB 1** to not exceed house appropriations for Articles I-VIII and X and to not exceed the senate's appropriation for Article IX.

SB 1 - REMARKS

REPRESENTATIVE MARTINEZ FISCHER: Representative Otto, you were saying that essentially a vote to instruct on this could be perceived as a vote against public education, given the appropriation that's been put in Article IX?

REPRESENTATIVE OTTO: From what Chairman Pitts just explained—that a billion dollars of our \$2.5 billion restoration is sitting in Article IX. If the motion to instruct is to adopt the senate version of Article IX, then that would lose that billion dollars that we put back in through that article.

MARTINEZ FISCHER: And that billion dollars is currently intended for public education, is that correct?

OTTO: That is correct.

HB 1025 - COMMITTEE ON CALENDARS RULE ADOPTED

Pursuant to Rule 3, Section 4(2) and Rule 6, Section 16(f) of the House Rules, Representative Hunter moved to adopt the following rule governing floor consideration for **HB 1025**:

Section 1. All original amendments that will be offered during second reading consideration of the bill must be filed with the chief clerk by 10 a.m. on Tuesday, April 23.

Section 2. (a) During second and third reading consideration of the bill, any amendment that adds or increases an item of appropriation in the bill is not in order unless the amendment contains an equal or greater reduction in one or more items of appropriation in the bill from the fund or funds against which the appropriation is to be certified.

(b) The provisions of this section do not apply to an amendment that makes an adjustment in an item of appropriations solely to correct a technical clerical error.

HB 1025 - REMARKS

REPRESENTATIVE Y. DAVIS: Chairman Hunter, you and I had this discussion and I just want to make sure that we get it on the record. This rule that you're presenting to the body is a rule that we typically save for the general appropriations act, isn't that correct? And since we're now talking about **HB 1025**, it's not a general appropriations act, it's not called a general appropriations act, is that correct?

REPRESENTATIVE HUNTER: It's part of the general appropriations bill process, and they used to, as the history shows, they used to do multiple general appropriations, so this is part of the process, fits under the category, but the listing raised the question.

Y. DAVIS: And so, for clarification purposes, we are treating the supplemental bills as a general appropriations act because they deal with multiple appropriations for multiple entities, is that correct?

HUNTER: Absolutely.

Y. DAVIS: And so, that then is how we're able to say that we use precedence, that precedence has been set that we use this Calendars rule for this bill, isn't that correct?

HUNTER: That's correct.

Y. DAVIS: And my last question—if there is a general appropriations bill that deals with one subject, funding for one entity, that would not be considered a general appropriations act according to the understanding we have today, is that correct?

HUNTER: That's between you and me and the parliamentarian, correct.

REMARKS ORDERED PRINTED

Representative Y. Davis moved to print remarks between Representative Hunter and Representative Y. Davis.

The motion prevailed.

HB 1025 - MOTION TO SUSPEND RULES AND ADOPT AMENDMENT CONSIDERATION RULE

Representative Eiland moved to suspend all necessary rules to propose and adopt the following rule governing floor consideration for **HB 1025**:

Section 1. All original amendments that will be offered during second reading consideration of the bill must be filed with the chief clerk by 10 a.m. on Tuesday, April 23.

Section 2. (a) During second and third reading consideration of the bill, any amendment that adds or increases an item of appropriation in the bill is not in order unless the amendment contains an equal or greater reduction in one or more items of appropriation in the bill from the fund or funds against which the appropriation is to be certified, except that an amendment is in order if the amendment seeks to spend only general revenue related funds and the total cost of the amendment (and inclusive of the total cost of any other accepted amendment) does not add more than \$500 million in general revenue related funds to the total amount of general revenue related funds contained in the adopted committee substitute to **HB 1025**.

(b) The provisions of this section do not apply to an amendment that makes an adjustment in an item of appropriations solely to correct a technical clerical error.

The motion to suspend all necessary rules and adopt the amendment consideration rule was lost.

HB 397 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE CORTEZ: Mr. Larson, thanks for bringing this bill forward. As you know, right now, the city of San Antonio is also working with the city of Helotes, and they're having some negotiations; in fact, they had a meeting this past Wednesday, I believe. I'm just trying to get your thoughts on, should we give a little bit more time to allow the cities to continue to negotiate in terms of what exactly they're trying to accomplish, and how the city is willing to compromise on that? And the reason I say that is because we all received an e-mail from the city of San Antonio, as you know, asking the delegation and its members to please—that they were not in favor of this bill, but that they were in some good faith negotiations right now with the city of Helotes.

REPRESENTATIVE LARSON: Yeah, I talked to the mayor on Friday in Helotes and he did say the negotiations are going well, and I asked him his preference, and he would like to see us vote this out. We'll reconcile the negotiation between the house and the senate before, I guess, we'd have confirmation that that negotiation has commenced and we've got the outcomes that we're looking for. So I would prefer that we vote on this. This is something that's been going on for six years—the city has taken a posture over the last 15 years that they're not annexing property out in their extraterritorial jurisdiction, so Helotes is willing to accept a number of communities within their jurisdiction, start providing them police and fire service, public works, just simple public works services, so I think it's time that we push this forward. And, I fully appreciate what you've said, and I think this should put a little bit more of an interest or leverage onto the city of San Antonio to get this deal worked out.

CORTEZ: Okay, but the city has asked for us to hold out. Have you visited with Senator Uresti about these negotiations to ensure that they continue, whether, whatever happens with this bill?

LARSON: Well, hopefully we'll get that deal to the satisfaction of Helotes and San Antonio rectified here in the next couple of weeks, but I think we need to continue to pursue the legislation, because if for whatever reason the council makes the decision to go against the staff, we've got this as a backstop, this piece of legislation to assure that those communities outside of Helotes and San Antonio that want to be annexed at least have the option for Helotes to take them in.

CORTEZ: And one final question, I know that the city of San Antonio has stated their concern about how this would impact other municipalities in the city limits or in the vicinity. What exactly are you doing with your bill to address that concern from the city?

LARSON: Well, that was the amendment that Representative Menéndez offered up and I accepted it. It brackets the communities between 6,000 and 7,500, and that would cover all the communities that have some options to grow within the ETJ of San Antonio, like Fair Oaks, the folks in Von Ormy, Elmendorf, and a couple other communities. So we've accepted the amendment to bracket it so we would be just impacting the folks in and around Helotes.

CORTEZ: Okay, well, thank you for answering my questions. You know, once again, I do look forward to the continued discussions and negotiations between the city of Helotes and the city of San Antonio, and I do believe that they're both operating in good faith, or they're both negotiating in good faith, so I look forward to seeing what comes about before Senator Uresti has this bill on the senate floor.

(Speaker pro tempore in the chair)

CSHB 947 ON SECOND READING

CSHB 947, A bill to be entitled An Act relating to the authority and duties of the office of inspector general for the Health and Human Services Commission and the office of attorney general with respect to addressing fraud, waste, and abuse in the provision of health and human services.

CSHB 947 - POINT OF ORDER

Representative Miles raised a point of order against further consideration of **CSHB 947** under Rule 8, Section 3 of the House Rules on the grounds that it violates the one-subject rule.

The chair sustained the point of order and submitted the following statement:

Representative Miles raised a point of order against further consideration of **HB 947** under Rule 8, Section 3 of the House Rules, asserting that the bill does not "contain only one subject." The point of order is sustained.

HB 947 consists of two sections, each a separate subject, the first of which provides that both the Office of the Inspector General of the Health and Human Services Commission and the Office of the Attorney General (OAG) will review how the inspector general works with the OAG to (1) investigate fraud, waste, and abuse in the provision of health and human services, and (2) enforce state

laws relating to those services. It also requires the two agencies to report recommendations regarding these issues to the legislature. The second section requires a second actor—only the Office of the Inspector General—to develop strategies to address fraud, waste, and abuse in the administration of a different program, the Supplemental Nutrition Assistance Program (SNAP) and the provision of benefits thereunder.

As such, these sections of the bill require different sets of entities to act on different programs, which gives rise to a one-subject problem under Rule 8, Section 3 of the House Rules.

CSHB 947 was returned to the Committee on Public Health.
