The speaker recognized Representative Larson who introduced Reverend Trey H. Little, senior pastor, First Presbyterian Church, San Antonio, who offered the invocation as follows:

Gracious and loving God, in this moment of quietness, we pause not to escape the realities of our day, but instead to acknowledge that being "one nation under God" is part of the fabric of our society. Therefore, we humbly invite you to guide and instruct us as we navigate our way through the waters of life.

Faithful Lord, on this Memorial Day, we would be remiss if we did not lift up to you the many men and women who have served and are serving in our military. Lord, we give you thanks for their zeal for service as well as their incredible sacrifice. Undoubtedly, their sacrifice is costly—families have been separated, childhoods shortened, and countless lives have been lost. And yet, their costly sacrifice has resulted in a priceless gift of freedom that stirs our hearts

to joyfully proclaim, "My country, 'tis of the, sweet land of liberty." Therefore, loving God, we ask that you will continue to pour out your peace that surpasses all human understanding on all those who serve our state and our country, and also comfort those who continue to grieve the loss of loved ones.

Dear God, as these servants gather here today as the Texas House of Representatives, we pray that they may live securely in your grace; that they may be guided by your providence; that they will be filled with your wisdom and strength; and most of all, that they, even in the midst of differing opinions, will embody the humility of the one who did not cling to his position of power, but humbled himself to serve the poor, the oppressed, and the hopeless. May they use their authority to promote the general welfare of all of us who call the great State of Texas home.

Lord, we humbly call upon your name to heal where there is brokenness; to comfort where there is pain; to bring reconciliation where there is separation; to provide peace where there is anxiety; to stir up courage where there is fear; and most of all, to rain your grace down upon all who are gathered here this day, that they may be filled with your joy to be the people you have called them to be.

Now, Lord God, may you relentlessly bother us and challenge us; may you set an impossible task before us and dare us to meet it; may you give us strength and courage to do our best; open our eyes that we may see; give us ears to listen for your will and discipline to do it; and remind us that it is not how many breaths we take, but the moments that take our breath away. Indeed, we are "one nation under God." In the name of the one who is "the way, the truth, and the life," we pray. Amen.

**SCR 48 - MOTION TO ADOPT  
(Isaac - House Sponsor)**

The following privileged resolution was laid before the house:

**SCR 48**, Instructing the enrolling clerk of the senate to make corrections in **SB 1678**.

**SCR 48 - POINT OF ORDER**

Representative Simpson raised a point of order against further consideration of **SCR 48** under Rule 8, Section 13(f) and Rule 10, Section 8 of the House Rules.

**BILLS AND RESOLUTIONS SIGNED BY THE SPEAKER**

Notice was given at this time that the speaker had signed bills and resolutions in the presence of the house (see the addendum to the daily journal, Signed by the Speaker, Senate List No. 40).

**MESSAGE FROM THE SENATE**

A message from the senate was received at this time (see the addendum to the daily journal, Messages from the Senate, Message No. 5).

**SCR 48 - (consideration continued)**

**SCR 48 - POINT OF ORDER DISPOSITION**

The chair sustained the point of order and submitted the following statement:

Representative Simpson raised a point of order against further consideration of **SCR 48** under Rule 8, Section 13(f) and Rule 10, Section 8 of the House Rules. Representative Simpson asserts that the resolution is not a corrective resolution because it would add substantive provisions to **SB 1678** and is, therefore, not in order. The point of order is sustained.

**SB 1678** contains provisions governing events and expenses related to the Major Events Trust Fund; it does not contain provisions that alter the definition of a "site selection organization." **SCR 48** provides for the addition of a new section of text in the bill that would add "ESPN or an affiliate" and "the National Association for Stock Car Auto Racing (NASCAR)" to the definition of a "site selection organization." Rule 8, Section 13(f) of the House Rules provides: "No vote shall be taken upon the passage of any bill or resolution within 24 hours of the final adjournment of a regular session unless it be to reconsider the bill or resolution to make corrections, or to adopt a corrective resolution." The corrections permitted by this provision, and referenced in Rule 10, Section 8 of the House Rules, include corrections such as remedying accidental deletion of text or typographical errors usually caused by the rush of activity that occurs as drafters and others are meeting end of session deadlines.

Although these technical corrections can sometimes impact the substance of a bill, the rule does not permit the wholesale addition of a new section of text that was never in disagreement, unless it is uncontroverted that the addition of such text is essential to the purpose of the bill. Representative Simpson argues that the addition of this text is not essential to the bill's purpose of changing the requirements for eligible events to be funded, prohibiting certain disbursements, and providing for the comptroller to gather information about funded events. The chair notes that the changes proposed in the corrective resolution did not appear in any version of the bill, from the time it was filed on March 8 through when it was adopted. Nor did anyone introduce an amendment—in committee or on the floor—of either chamber to add the language proposed by the resolution. Then, when the bill was sent to conference committee, the conferees, who were appointed in the senate on May 22 and in the house on May 23, did not seek to add the text proposed by the resolution, and instead, the conferees were discharged on May 25, and the bill was adopted without evidence that adding ESPN and NASCAR to the definition of a site selection organization was vital to the purpose of the bill. Thus, the proponents of **SCR 48** did not take advantage of prior opportunities to remedy the omission of the amendment the resolution proposes. Because **SCR 48** sought to add an entirely new substantive provision to the bill, it was not a technical correction within the meaning of Rule 8, Section 13(f) and Rule 10, Section 8 of the House Rules, and was, therefore, out of order.

The ruling precluded further consideration of **SCR 48**.

(Speaker in the chair)

**HCR 224 - ADOPTED**  
**(by Aycock)**

The following privileged resolution was laid before the house:

**HCR 224**

**HB 5** has been adopted by the house of representatives and the senate and is being prepared for enrollment; and

WHEREAS, The bill contains technical errors that should be corrected; now, therefore, be it

RESOLVED by the 83rd Legislature of the State of Texas, That the enrolling clerk of the house of representatives be instructed to correct **HB 5** as follows:

(1) In SECTION 16 of the bill, in amended Section 28.025(c-3), Education Code, strike "(c-2)(1)(B)" and substitute "(c-2)(1)(B)(ii)".

(2) In ~~SECTION 77~~ of the bill, ~~strike added~~ Section 130.008(f) and substitute the following:

(f) Except as provided by this section, a student may not enroll in more than three courses under this section at a junior college if the junior college does not have a service area that includes the student's high school. A student enrolled at an early college high school may enroll in a greater number of courses to the extent approved by the commissioner of education.

**HCR 224 - POINT OF ORDER**

Representative Herrero raised a point of order against further consideration of **HCR 224** under Rule 10, Section 8 of the House Rules.

The speaker overruled the point of order and submitted the following statement:

Representative Herrero raised a point of order against further consideration of **HCR 224** under Rule 10, Section 8 of the House Rules, asserting that the amendments proposed by the corrective resolution are not technical corrections. (See also Rule 8, Section 13(f) of the House Rules, prohibiting consideration of measures other than for the purpose of making corrections.) Specifically, Representative Herrero argues that the addition of Subsection (f) in Section 77 of the bill is a substantive addition to **HB 5** rather than a correction. The point of order is respectfully overruled.

**HCR 224** rewrites Subsection (f), which, in the bill, provided that "a student described by Subsection (a) may enroll in not more than three courses each school year offered as provided by this section." Rather than referring to Subsection (a), the rewrite provided in **HCR 224** describes the students eligible for enrollment and includes an exception allowing that a student enrolled at an early college high school can enroll in more than three courses to the extent approved by the commissioner of education. These changes clarify the meaning and intent of Subsection (f) without changing its purpose. Accordingly, the resolution does not violate Rule 10, Section 8 or Rule 8, Section 13(f) of the House Rules.

**HCR 224 - STATEMENT OF LEGISLATIVE INTENT**

REPRESENTATIVE AYCOCK: Members, this makes clear the intent of the bill as we spoke yesterday. Those of you who had the little wiring diagram, you remember we intended for one and one science only to be opted out—in the fine arts folks—where they could opt out of one science and replace that with one

course related to the fine arts endorsements. There were some questions that arose earlier today that might be interpreted the way it was written by saying that there might be an opt-out for all three science courses. That was never the intent, and that's the first section of the bill.

The second section relates to the intent of the bill—that it allows three and only three courses to be used for early college high school that were provided by community colleges that were outside the service area. There was a question about that language, because they can presently receive any number from within the service area, and this allows them to go outside the service area for three courses. And we wanted to be sure that there was clarity in that language as well, because there was some discussion. As it was written, some people felt like they could go all the way to infinite and all the way to zero, and we wanted to be sure the intent of the bill—to the best of our ability—was that they'd be able to get three from outside the service area that they reside in.
