The speaker recognized Representative Raymond who introduced Sandra Howell, senior pastor, Laredo Church of the Crossroads, Laredo, who offered the invocation as follows:

Almighty God, we humbly come to you seeking your mercy and favor. You are the God of angel armies, and we ask for divine protection for our State Capitol and these public servants. Keep them safe in their coming in and going forth and safeguard their families. We ask for health and vitality for our representatives, that they may be strong to serve their terms of office.

We ask for wisdom. Lord, these are our public servants who have been chosen and appointed to face complex problems, and we ask that you anoint them to be part of the solution. You have said if anyone lacks wisdom to ask you, and you will not scold or belittle but will give insight and understanding.

I ask that you give them the talent to be able politicians with hearts to serve the people of their districts. We read about a young politician who lived thousands of years ago and ruled in a king's government by the name of Daniel. You were with him, and it is written that Daniel was a man of excellent spirit. We ask you to bless this august assembly of leaders with excellence.

God, help them to fill this house with a culture of honor, that even in their disagreements they will maintain an attitude of respect and value for each member. May they all have open hearts to do justice for those who have much and for those who have little so that all Texans will have the opportunity to life, liberty, and the pursuit of happiness. We ask these things under the banner of your love. I ask in the name of my Lord and Savior, Jesus Christ. Amen.

ADDRESS BY REPRESENTATIVE ALONZO

The chair recognized Representative Alonzo who addressed the house, speaking as follows:

Members, I rise to say a few words to commemorate a special date. In fact, today is a holiday. A few years ago several representatives and senators passed a bill to designate this day as a holiday that state workers could choose as their holiday. Today is the holiday of the birthday of Cesar Chavez. Throughout the country, throughout the state, throughout cities across the state, this gentleman is being honored in marches like they did with 15,000 people in San Antonio. They are doing one in Corpus Christi. This Saturday they are going to do another march in Fort Worth to commemorate his birthday.

Members, this guy is a very important person for the whole country. As a matter of fact, he's been honored nationwide, as well. Why is he being honored? Because one of the things like we did a few minutes ago, we recognize individuals for what they've done. We just honored a person from a city. This person we're honoring in the state and country, Cesar Chavez. Now why do we honor him, members? We honor him because through his life he organized farmworkers. This past week I was watching his movie, *Cesar Chavez*, and let me tell you members, let me tell you how important it was to organize farmworkers. We here have unions come and lobby us for issues with workers and wages. Back then, when he was organizing, there were no rights for farmworkers, there was no health care for farmworkers, you were on your own. There's a gentleman from my hometown, Tomás Villanueva, a writer who passed, who would write about the lives of farmworkers; how mothers, pregnant, would work, working in the

fields, no health care, no restrooms. The conditions where they lived were horrible. Here in this legislative process we passed laws to get rid of the short-handled hoe because people have to bend over to work and hurt their backs.

Members, this commemoration is because he sought to advance La Causa/The Movement, through nonviolent means—through strikes, pickets, and boycotts. On several occasions he also undertook lengthy fasts to draw public attention to the farmworker struggle. And members, whereas Mr. Chavez continually led the UFW until his death on April 23, 1993, where more than 50,000 people showed up throughout the nation, that gathered to mourn his funeral. And whereas since that time, numerous schools, streets, scholarships, monuments, buildings, and parks have been named in his memory. A number of U.S. cities have been issued annual celebrations in tribute to his life, and several states, including the State of Texas, have declared his birthday, March 31, a state holiday. In 1994, Mr. Chavez was also posthumously awarded the nation's highest honor, the Presidential Medal of Freedom.

And whereas Cesar Chavez devoted to the world his life to the pursuit of social and economic justice, this house, on February 19, passed a resolution to unanimously commemorate. So members, I ask you to take a moment and remember this gentleman for the work that he did, but also as we commemorate, we do not forget. And of course I can tell you personally, I was also a farmworker, my mom was also working in the fields, and so I also take this, as a personal hero, that we commemorate his life. Members, let's give a round of applause to commemorate Cesar Chavez.

Amendment No. 97 - Point of Order

Representative Geren raised a point of order against further consideration of Amendment No. 97 under Rule 8, Section 4 of the House Rules on the grounds that the amendment would change general law.

The chair sustained the point of order and submitted the following statement:

Representative Geren raised a point of order against further consideration of Amendment No. 97 under Rule 8, Section 4 of the House Rules on the grounds that the amendment would change general law. The point of order is sustained.

Under Rule 8, Section 4 of the House Rules, "A general law may not be changed by the provisions in an appropriations bill." Explanatory note 2 to Rule 8, Section 4 of the House Rules states further that "a rider to an appropriations bill may detail, restrict, or limit the expenditure of appropriated funds, but may not enact or amend general law." The amendment by Representative Coleman would have required the Legislative Budget Board's approval before "an agency may use funds appropriated to implement management actions which defund or alter programs in a manner inconsistent with the funding considerations, when the funds were appropriated without the enactment of specific legislation by the Eighty-Fourth Legislature, Regular Session." In this instance, the amendment would have given ambiguous and unspecified actors within a Health and Human Services agency the authority to use appropriated funds in order to implement management actions under certain circumstances. Furthermore, this amendment's provision regarding the limitation of appropriated funds without prior approval under authority already granted under Chapter 531 of the Government Code is in violation of general law. See TEX. GOV'T CODE ANN. §§ 531.005, .0055(e)(1) (West 2003). Because the amendment would have impermissibly effected a change in general law, the point of order is sustained. See *id.*; Rule 8, Section 4 of the House Rules; 83 H.J. Reg. 1351-1352 (2013) (Cortez point of order on Amendment No. 158); 83 H.J. Reg. 1360-1361 (2013) (C. Turner point of order on Amendment No. 175).

The ruling precluded further consideration of Amendment No. 97.

AMENDMENT NO. 133 - REMARKS

REPRESENTATIVE SCHUBERT: Members, I've had the distinct honor of representing HD 13 for a grand total of 28 days. I rise today in defense of higher education in rural Texas. Like many of my colleagues here in the house, I am fortunate to have a world class community college system in my district. In my district that system is Blinn College. Three of the four campuses of Blinn College are in my district, in fact, Blinn is the only institution of higher education in all of district 13. In the grand scheme of our debate today, this may seem like a small issue, but to my district this is incredibly important. The rider mandates how Blinn College's board can allocate their funding by campus and leaves no flexibility for future use. In essence, it takes away the local board's control and replaces it with a mandate from the state. There's already a bill working through the process that handles this, and what I am asking for is that we allow time for the local board to work through that.

From the day I was sworn in, I've worked with Mr. Raney and Blinn to try to find a solution to this situation. I am 110 percent committed to continuing the work on this issue, both in session and in the interim, and in fact, the level of communication between Representative Raney's office and Blinn has increased dramatically since my four weeks here. I agree that changes need to be made. I also believe that we've made positive progress on this matter. All that I am asking for is the ability—

REPRESENTATIVE RANEY: Mr. Schubert, I want to first express my appreciation for you coming to numerous meetings that we've had concerning this issue of the distribution of funds from Blinn. I have a few questions I would like to ask you and I—if you don't mind.

SCHUBERT: Yes, sir.

RANEY: Are you aware that I have been trying to gain access for financial information from Blinn for two years, and I had to resort to open records requests to get that information?

SCHUBERT: Yes, sir, I am aware and unfortunately that is the case.

RANEY: You don't think this is acceptable then to our institution that receives state funding then, do you?

SCHUBERT: I completely agree that it's an unfortunate situation, and you and I have both been working toward greater communication and greater transparency in this situation.

RANEY: That's correct. Do you know that out of Blinn's total income, from Brenham, Schulenburg, and Sealy that accounts for 22 percent of the revenue from Blinn and 42 percent of the expenses while the Bryan revenue's account for 79 percent of revenue and 58 percent of expenses?

SCHUBERT: I did realize that. One of the things that I think about, the community college system is there to educate its students in all of those systems despite where their classes are located.

RANEY: Agreed. Do you know that in the last eight years, a 300-bed dorm, an agricultural building, a performing arts center, and an administration building were built on the Brenham campus in an effort to gain more students?

SCHUBERT: Yes, I am.

RANEY: Do you realize that within the last 20 years, the number of students at Blinn in Brenham has remained stagnant at about 23-2400?

SCHUBERT: I believe that's true as well.

RANEY: Do you realize that the Brenham campus loses approximately \$400 million a year?

SCHUBERT: I was provided with those numbers as well. Yes, sir.

RANEY: Do you know that Blinn has one of the lowest tax rates of any community college in the whole State of Texas?

SCHUBERT: Yes, sir.

RANEY: Do you know that the students of the Bryan campus are responsible for \$12.6 million of the \$13.1 million in net revenue?

SCHUBERT: I am aware.

RANEY: Given all of this, do you think that Blinn has decided to raise tuition rates by \$3 on in-district students and by \$10 on out-of-district students, raising the in-district tuition to \$45 and the out-of-district tuition to \$102?

SCHUBERT: Yes, I've heard that's the decision that the board made.

RANEY: And do you realize that the students at the Bryan campus have been stepping on themselves, and parking in mud lots, and not having enough facilities to deal with their activities on campus?

SCHUBERT: I completely agree that there are facility issues at the Bryan campus and that's why the board has recently purchased around 100 acres in Brazos County and they're going to build a new state-of-the-art facility for the Bryan campus.

RANEY: I agree with that, and I am proud that they're doing that, I just think it's been a long time coming. Do you recall that the Blinn—the acting president of Blinn—when I asked, before the Higher Education Committee last Wednesday, to explain the allocation of funds from state funds and she said it's not your place?

SCHUBERT: I was there for that hearing and unfortunately that was her answer, and my goal in this situation just as we've stated, has been working on increasing the transparency and the lines of communication in this situation.

RANEY: Do you also recall that during that same testimony one of the active board members of Blinn acknowledged that this was—that the Blinn board had failed their fiduciary responsibility to allocate our resources properly?

SCHUBERT: That is correct and as I stated, we all agree that changes need to be made and the Blinn board has acknowledged their shortcomings and stated they are working on that. What we're simply asking for is let the local decision work out, with your input obviously, but not have a mandate from the state involved in this.

RANEY: Mr. Schubert, I would love for the local people to work that out, but if history repeats itself, they have not been willing to act. Do you realize that last week we asked the board to provide me with ways we could change my bill, **HB 1903**, and I have still not heard from them?

SCHUBERT: Yes, sir, and I have been working with them, as you know, to communicate with them the severity of the situation and I am hoping that they can continue to work, but I am aware that there has been some communication issues.

RANEY: The communication has been one way.

AMENDMENT NO. 133 - REMARKS

REPRESENTATIVE RANEY: I think we've had adequate discussion and I would hope that the body would vote with me to table this bill.

REPRESENTATIVE C. TURNER: Representative Raney, we heard a bill that you have that is similar to this rider, I believe in the Higher Education Committee, last Wednesday, I believe, is that right?

RANEY: Yes, sir.

C. TURNER: We heard several hours of testimony on that piece of legislation, did we not?

RANEY: That's correct.

C. TURNER: Is my memory correct that the Blinn assistant president basically said it wasn't really the legislator's place to get involved in how state funds are being allocated?

RANEY: That's correct.

C. TURNER: Okay. I think we heard some testimony from a number of students and certainly from faculty members from the Blinn campus in Bryan, who talked repeatedly about, you know, being in overcrowded situations, having to sit on the floor to study, and not having adequate facilities that they need for a campus of, I believe is about 15,000 students, is that right?

RANEY: That is correct.

C. TURNER: Okay. Have you tried to deal with this issue in your district without filing legislation or coming to the legislature?

RANEY: I have been trying to deal with this for nearly three years.

C. TURNER: How many years?

RANEY: Three.

REPRESENTATIVE MORRISON: Representative Raney, I know from testimony that a lot of your concerns are related to the fiscal aspects associated with the issues that you are looking to address, is that correct?

RANEY: Yes, ma'am, that's correct.

MORRISON: What is the tuition responsibility for your students both in and out-of-district now?

RANEY: In-district, I believe they're going to be \$45 and out-of-district they're \$102. That's what they voted on recently.

MORRISON: Recently. And Representative Raney, at the committee hearing this last week, I heard testimony regarding this issue while I was, of course, attending the committee hearing. Have you received the information you requested from that hearing to this point?

RANEY: No, ma'am, I have not.

Representative Raney moved to table Amendment No. 133.

SCHUBERT: I ask you to vote no on the motion to table.

REPRESENTATIVE STEPHENSON: We are fixing to vote on something to table a deal that should be a local control thing of a college. I happen to be very involved in a college for a lot of years, and I think we usually can handle those. I would appreciate that the folks out here would understand that this is your problem, we need to be not fixing it for you.

Amendment No. 227

Representative Y. Davis offered the following amendment to **CSHB 1**:

Floor Packet Page No. 278

Amend **CSHB 1** in Article VII of the bill pattern for the Department of Housing and Community Affairs, by adding the following appropriately numbered rider and renumbering subsequent riders accordingly:

_____: Transfer from general revenue \$125.2 million deposited in general revenue from the State-Federal National Mortgage Settlement to the Department of Housing and Community Affairs to assist certain organizations or governmental entities to make residential mortgage loans to residents of certain neighborhoods.

AMENDMENT NO. 227 - REMARKS

REPRESENTATIVE Y. DAVIS: This is an amendment that would allow us to reduce from general revenue \$125.2 million that was deposited from the State-Federal National Mortgage Settlement. This amendment allows us to transfer it to the Department of Housing and Community Affairs. Five of the largest market services agreed to a \$25 billion settlement of the joint State-Federal National Mortgage Settlement where 49 states participated in it. Those settlement funds were supposed to be used to deal with the issue when we had predatory lending. So in our community there was predatory lending, and this settlement was part of an agreement to put back in the community, to provide housing—those that lost their houses during this time. We currently don't know what the money was used for, but it was very specific when the settlement came out. In fact, California is being sued now because they used the money to pay down their debt. This amendment is simply to provide this money back into the agency to do what it was supposed to do as part of a federal settlement.

Amendment No. 228

Representative Y. Davis offered the following amendment to Amendment No. 227:

Amend Amendment No. 227 to **CSHB 1** by Y. Davis (page 278, prefiled amendment packet) on page 1 by striking the text of the amendment and substituting the following:

Amend **CSHB 1** by reducing all undedicated general revenue appropriations provided by this Act proportionally across all items of appropriation by a total of \$125.2 million for the state fiscal biennium and increase the appropriations from the general revenue fund for the state fiscal biennium to the Department of Housing and Community Affairs by an equal amount for the purpose of assisting certain organizations or governmental entities to make residential mortgage loans to residents of certain neighborhoods. Adjust totals and methods of financing accordingly.

Y. DAVIS: This amendment to the amendment just reduces all undedicated general revenue appropriations to get us to the \$125.2 million for the state fiscal biennium and increase the appropriations going to the Department of Housing and Community Affairs. It's a perfecting amendment to basically say that we would take it out of undedicated general revenue appropriations.

REPRESENTATIVE MILES: Representative Davis, let me make sure I understand what you just said. The State of Texas was awarded \$125 million from the federal government?

Y. DAVIS: That's correct.

MILES: For a predatory lending lawsuit?

Y. DAVIS: That's correct.

MILES: From the federal government, meaning under the Obama administration?

Y. DAVIS: That's correct. It was a \$25 billion settlement among 49 states and it was aimed to address the issues for so many families and homeowners who lost their houses and homes due to predatory lending and backed loans.

MILES: The State of Texas received, and took in, and cashed the check from the federal government of the Obama administration?

Y. DAVIS: My understanding is they did get the money. We asked LBB about it, and they said that the state portion was \$134.6 million—

MILES: The State of Texas cashed a check from President Obama's administration?

Y. DAVIS: They cashed a check from the federal government, yes.

MILES: From Obama's administration?

Y. DAVIS: From President Obama's administration.

MILES: We know not where the money went?

Y. DAVIS: It says \$125.2 million was deposited to the general revenue fund, the remainder \$9.4 million was deposited to the general revenue dedicated judicial fund, an additional \$1 million for attorneys' fees was deposited to general revenue and appropriated to the Office of the Attorney General pursuant to Rider 8.

MILES: But when the money was sent to the State of Texas, it was sent here specifically to go to where?

Y. DAVIS: The settlement money was to go to consumers to provide consumer relief for those that experienced this kind of predatory lending.

MILES: Predatory lending. This happened all over the State of Texas, is that correct?

Y. DAVIS: That is correct.

MILES: And we know not where the rest of that money went?

Y. DAVIS: That's correct.

MILES: Your amendment is simply trying to—we know that the money came, we know that the money is here, we're just trying to prevent the State of Texas from a possible lawsuit, such as what California has gone through, that could cost this state more money.

Y. DAVIS: That's exactly right. The other part is, we have people in Texas who suffered. This is a way that we can at least address the concerns. Many of them lost their homes, many families lost lots of their resources as a result of this lending practice, and this is our attempt to make us be honorable and putting the money back in place for what it was designed for. That's what this settlement was about.

MILES: And if we don't do that—my last question, gentlelady. If we don't do that, we could be subject to a lawsuit that could cost the State of Texas more money in damages as well as legal fees, is that correct?

Y. DAVIS: I can tell you that, based on our research, California currently is in a lawsuit because they chose to use the money to pay down debt, which is not what the fund was for, and they're being sued at this time. I'm just simply trying to make sure that we put the money back in the treasury [inaudible] to the department that has a responsibility to address the issue that was addressed in the federal settlement.

MILES: And just so I didn't get anything misunderstood. This state, the great State of Texas, received and cashed a check from the Obama administration?

Y. DAVIS: That's correct.

Amendment No. 228 was adopted.

REPRESENTATIVE GONZALES: I thank Representative Davis for bringing this to our attention. There are some problems with this amendment as it is drafted. Number one, the take. Members, to get that \$125.2 million comes from across the board, a bunch of different agencies. That's the take in our take-and-put rule. We're taking it from across the board, a bunch of different agencies. The next issue is that we're putting it into the Department of Housing and Community Affairs. Members, they have absolutely no authority to address the issue in the agency where that money is going. So then what happens? The money just sits there. And after it just sits there, because they have no authority to work with it, that money then gets swept once again. This needs legislation to actually fix what's happening. Ms. Davis has legislation that sends it to a SDSI agency, members, but since SDSI agencies are outside of the bill pattern, we can't even appropriate that money there. So we've got a lot of different things happening here and for that, Mr. Speaker, I—

MILES: Let me go through this once again. You agree that we received this money from the Obama administration, the \$125 million?

GONZALES: That's correct, sir.

MILES: You agree. Have we spent some of this \$125 million that was sent here for predatory—as a result of a predatory lending lawsuit?

GONZALES: I'm sorry did you say that we spent it?

MILES: Have we cashed that check?

GONZALES: Cashed, I'm not sure about spent it, though.

MILES: Did we cash that check?

GONZALES: We cashed the check, yes, sir.

MILES: And that check was earmarked when it came from the Obama administration for predatory lending corrections. Is that correct?

GONZALES: That is what I have been told, yes, sir.

MILES: You're aware that the State of California has been sued for not adequately appropriating that money?

GONZALES: That is what Ms. Davis said, yes, sir.

MILES: And if you don't accept this amendment, you're aware that you're possibly opening us up to a lawsuit—the great State of Texas, opening us up to the same type of lawsuit that could cost this state additional funds over \$125 million. Are you aware of that?

GONZALES: That is what Ms. Davis said, yes, sir.

MILES: Are you saying that is not true?

GONZALES: I'm going by what Ms. Davis told us.

MILES: Are you saying that's not true?

GONZALES: I'm going by what Ms. Davis told us, Representative Miles.

MILES: If it is actual truth, would you like to subject the State of Texas to a lawsuit, such as that nature?

GONZALES: The difficulty, Mr. Miles, is that the way this money is going, it is going to an agency which has absolutely no authority to deal with that money, and the monies will be swept again. There is no authority there.

MILES: Doesn't her amendment give us the authority to put it in the right place?

GONZALES: No, sir. It goes to the Department of Housing and Community Affairs, which does not have the authority to do anything with that money.

MILES: Don't they have the right to do the program that the federal government has required us to do with this money? Does that particular agency have the ability to do what the federal government has specified us to do with that money when they sent it here?

GONZALES: No, sir.

MILES: It does not?

GONZALES: It does not.

MILES: Tell me why it doesn't.

GONZALES: The Department of Housing and Community Affairs, Representative Miles, does not have the authority to do anything with that money.

MILES: Are we not allowing them to do that through this legislation?

GONZALES: No, sir, I don't believe we are.

MILES: Tell me why we're not.

GONZALES: Because they don't have that authority. This is not granting that authority.

MILES: I understand what you're saying that they don't have it right now. Aren't we doing that through this piece of legislation, through this amendment?

GONZALES: No, sir.

MILES: Don't we have a bill in this house that will do that?

GONZALES: Ms. Davis has—

MILES: Do you know any bill in this house that will allow our housing department to do what the federal government has asked us to do with this money?

GONZALES: Ms. Davis has a bill—

MILES: To make the citizens of the State of Texas, who took part in predatory lending and were scammed and ripped off by lenders, to make their lives right and correct. People who are homeless—some of these people that are homeless at this point in time in their lives.

GONZALES: Ms. Davis has a bill—

MILES: I didn't ask you what Ms. Davis did. I asked you, do we have a bill in this house that would allow our housing department to do what the federal government has asked us to do with this money? Yes or no?

GONZALES: Are you asking me is there is a piece of legislation pending in the committee process somewhere which will allow Housing and Community Affairs to do just this?

MILES: That's exactly what I'm asking you, sir.

GONZALES: I have no idea. I can tell you they cannot do it now, and to put it here now doesn't do us any good. They can't do anything with it, Mr. Miles.

Y. DAVIS: Is that like any other legislation that we have filed to give the authority to an agency to put a program together? Isn't it true that we often file legislation, or an amendment to pending legislation, with regard to giving them the responsibility to implement a program? That's not an unusual approach, is it?

GONZALES: That would be a contingency rider, I believe you're asking about, and all contingency riders are going to Article XI.

Y. DAVIS: No, all contingencies don't go to Article XI. But isn't it true that we typically have legislation that is pending and that we allocate or send money to that agency to do a certain type of program? Isn't that normal?

GONZALES: Again, yes, ma'am, that would be a contingency rider because right now they cannot do this.

Y. DAVIS: Second of all, you indicated that I was sending it to something that was outside of an agency. What would that be, because I don't recall having that part of my legislation. Is that something that you just kind of made up?

GONZALES: No, ma'am. It was my understanding that—and please correct me if this is wrong—my understanding was you were sending it to one of the SDSI agencies, the mortgage agency, which is not in the bill pattern. If that is incorrect, I certainly stand corrected.

Y. DAVIS: That's not correct.

REMARKS ORDERED PRINTED

Representative Rose moved to print all remarks on Amendment No. 227.

The motion prevailed.

Representative Gonzales moved to table Amendment No. 227, as amended.

Y. DAVIS: This is an issue that we need to deal with now or we'll be dealing with it later. We took a settlement, you know, and since I've been here we've been very careful that when we tell people that we are going to do something—if we collect a tax for the assistance, actually what the tax is going to be used for. This is a settlement that came to this state as a result of citizens being harmed. It has specific directions as how to use these settlement dollars. We've ignored that as the State of California did, who's currently in a lawsuit. It is in a lawsuit right now because they chose not to do what these funds were directed to do. What I'm only trying to do is save this state from making the mistake of taking these federal funds and doing things other than what they were designed to do. They were designed to provide relief for citizens who were harmed with predatory lending. If we don't do this, this amendment, you will see it again because we will be talking about funding the AG for this lawsuit. I'd ask you to vote no on the motion to table so that we don't put our state in harm's way toward a lawsuit pending that we know we've taken the funds and we know we've misused them or we're not using them correctly. So I'd ask you to vote no on the motion to table.

(2) the conversion of a nontolloed highway to a tolloed highway for which a design or construction contract was not entered into before September 1, 2015.

Amendment No. 239 - Point of Order

Representative Phillips raised a point of order against further consideration of Amendment No. 239 under Rule 8, Section 4 of the House Rules on the grounds that the amendment would change general law.

The chair sustained the point of order and submitted the following statement:

A point of order was raised against further consideration of Amendment No. 239 under Rule 8, Section 4 of the House Rules on the grounds that the amendment would change general law. The point of order is sustained.

Under Rule 8, Section 4 of the House Rules, "A general law may not be changed by the provisions in an appropriations bill." Explanatory note 2 to Rule 8, Section 4 of the House Rules states further that "a rider to an appropriations bill may detail, restrict, or limit the expenditure of appropriated funds, but may not enact or amend general law." The amendment by Representative Leach would have disallowed the Department of Transportation from using funds appropriated for the planning or construction of a tolloed

highway for which a design or construction contract was not entered into before September 1, 2015, or for the conversion of a nontolled highway to a tolled highway for which a design or construction contract was not entered into before September 1, 2015, unless the governor and a majority of each house of the legislature approves the expenditure. Having examined the amendment and the general law, the chair finds that the amendment's grant of such authority to the governor would have impermissibly effected a change in general law. Accordingly, the point of order is sustained. See Rule 8, Section 4 of the House Rules; 83 H.J. Reg. 1351-1352 (2013) (Cortez point of order on Amendment No. 158); 83 H.J. Reg. 1360-1361 (2013) (C. Turner point of order on Amendment No. 175).

The ruling precluded further consideration of Amendment No. 239.

Amendment No. 240

Representative Leach offered the following amendment to **CSHB 1**:

Floor Packet Page No. 292

Amend **CSHB 1** (house committee report) by adding the following appropriately numbered rider in Article VII after the appropriations to the Texas Department of Transportation:

_____. Conversion of High Occupancy Vehicle Lane. The Texas Department of Transportation or a local toll project entity, as that term is defined by Section 373.001, Transportation Code, may not use any money appropriated by this Act for a project to convert a high occupancy vehicle lane to a toll lane, unless a design or construction contract for the project was entered into before September 1, 2015.

Amendment No. 240 - Point of Order

Representative Phillips raised a point of order against further consideration of Amendment No. 240 under Rule 8, Section 4 of the House Rules on the grounds that the amendment would change general law.

The chair sustained the point of order and submitted the following statement:

A point of order was raised against further consideration of Amendment No. 240 under Rule 8, Section 4 of the House Rules on the grounds that the amendment would change general law. The point of order is sustained.

Under Rule 8, Section 4 of the House Rules, "A general law may not be changed by the provisions in an appropriations bill." Explanatory note 2 to Rule 8, Section 4 of the House Rules states further that "a rider to an appropriations bill may detail, restrict, or limit the expenditure of appropriated funds, but may not enact or amend general law." The amendment by Representative Leach would have disallowed the Department of Transportation or a local toll project entity from using funds appropriated for a project to convert a high occupancy vehicle lane to a toll lane, unless a design or construction contract for the project was entered into before September 1, 2015. Having examined the amendment and the general law, the chair finds that the

amendment's limitation placed upon local toll project entities would have impermissibly effected a change in general law. Accordingly, the point of order is sustained. See Rule 8, Section 4 of the House Rules; 83 H.J. Reg. 1351-1352 (2013) (Cortez point of order on Amendment No. 158); 83 H.J. Reg. 1360-1361 (2013) (C. Turner point of order on Amendment No. 175).

The ruling precluded further consideration of Amendment No. 240.

(1) for the conversion of an existing vehicle lane to a bus lane, bike lane, or other special purpose lane; or

(2) to issue a grant to a political subdivision of this state for the purposes described by Subdivision (1) of this rider.

Amendment No. 241 - Point of Order

Representative E. Rodriguez raised a point of order against further consideration of Amendment No. 241 under Rule 8, Section 4 of the House Rules on the grounds that the amendment would change general law.

The chair overruled the point of order and submitted the following statement:

A point of order was raised against further consideration of Amendment No. 241 under Rule 8, Section 4 of the House Rules on the grounds that the amendment would change general law. The point of order is respectfully overruled.

Under Rule 8, Section 4 of the House Rules, "A general law may not be changed by the provisions in an appropriations bill." Explanatory note 2 to Rule 8, Section 4 of the House Rules states further that "a rider to an appropriations bill may detail, restrict, or limit the expenditure of appropriated funds, but may not enact or amend general law." Having examined the amendment and the general law, the chair finds that the general law is not changed by a provision in the appropriations bill. Accordingly, the point of order is respectfully overruled. See Rule 8, Section 4 of the House Rules; 83 H.J. Reg. 1351-1352 (2013) (Cortez point of order on Amendment No. 158); 83 H.J. A point of order was raised against further consideration of Amendment No. 242 under Rule 8, Section 4 of the House Rules on the grounds that the amendment would change general law. The point of order is respectfully overruled.

Under Rule 8, Section 4 of the House Rules, "A general law may not be changed by the provisions in an appropriations bill." Amend **CSHB 1** in Article XI, following the Article I appropriations to the Office of the Governor (page XI-2), by inserting the following appropriately numbered contingent rider:

_____. Contingent Rider: Unmanned Aircraft Program. (a) This rider is contingent on the enactment of **HB 3429** or similar legislation by the 84th Legislature, Regular Session, 2015, that becomes law.

(b) In addition to other amounts appropriated under this Act, \$2,000,000 is appropriated out of the general revenue fund to the office of the governor for the state fiscal biennium beginning September 1, 2015, for the purpose of implementing the unmanned aircraft program.

In opposition: Amendment No. 277 by Lozano represents a serious misuse of state funding for unnecessary technology. Moving \$2 million to fund the use of unmanned aircraft or drones is especially ill-advised in a session where we are trying to use public funds as efficiently as possible.

Amendment No. 421 - Point of Order

Representative C. Turner raised a point of order against further consideration of Amendment No. 421 under Rule 8, Section 4 of the House Rules on the grounds that the amendment would change general law.

The chair overruled the point of order and submitted the following statement:

A point of order was raised against further consideration of Amendment No. 421 under Rule 8, Section 4 of the House Rules on the grounds that the amendment would change general law. The point of order is respectfully overruled.

Under Rule 8, Section 4 of the House Rules, "A general law may not be changed by the provisions in an appropriations bill." Explanatory note 2 to Rule 8, Section 4 of the House Rules states further that "a rider to an appropriations bill may detail, restrict, or limit the expenditure of appropriated funds, but may not enact or amend general law." Having examined the amendment and the general law, the chair finds that the general law is not changed by a provision in the appropriations bill. Accordingly, the point of order is respectfully overruled. See Rule 8, Section 4 of the House Rules; 83 H.J. Reg. 1351-1352 (2013), (Cortez point of order on Amendment No. 158); 83 H.J. REASONS FOR VOTE

Although I support gains made in various goals and strategies in this bill, I oppose cuts to crime victim compensation, historical preservation, arts education grants, adult basic education and literacy, unemployment compensation, state emergency preparedness, SNAP benefits, and other important programs and services.

Guillen

CSHB 1 did not properly fund infrastructure and priority items such as transportation, DPS aircraft for border security, and creating a permanent fix to TRS-Care. We should have prioritized education spending better. Our educators deserve a quality, long-term solution to their health care needs. We did not cut needless spending of taxpayer dollars from programs which are not the proper role of government. **CSHB 1** increased general revenue expenditures by approximately 10 percent, exceeding population plus inflation.

Tinderholt

While I respect the hard work of Chairman Otto and the Appropriations Committee members to create **CSHB 1**, I had to vote against the proposed budget. **CSHB 1** offers a troubling spending plan for Texas. I made a commitment to my constituents to decrease the scope of government and end wasteful state spending.

In **CSHB 1**, transportation funding does not tie to highway projects and long-term funding for TRS-Care was not resolved. Even more concerning, border security funding is limited, particularly in the areas of overtime pay for DPS officers and funds requested for aircraft for increased surveillance were not granted. I am also concerned that **CSHB 1** appropriates too much to unnecessary initiatives and not enough to vital needs.

Throughout the **CSHB 1** deliberations, I worked to vote in ways that would provide more transparency and address the growth of government. I successfully added a provision that ensures abstinence education funding mandated by the federal government can only be used for abstinence education. Unfortunately, at the end of the deliberations, key budget areas were not adequately addressed which led me to vote against the bill.
