### REASONS FOR VOTE

In response to the concerns of many of my constituents and fellow lawmakers, I worked diligently to strengthen **HB 4**, including authoring and passing two important floor amendments. I appreciate Representative Huberty and the governor's office working with me in this effort. At the end of the day, however, I cannot in good faith support this bill without being absolutely certain of the cap on the state funds associated with the bill. I am hopeful that we will continue to deliberate and work in conjunction with the senate and the governor's office to deliver the desired high quality pre-K programs while also protecting the taxpayers and strengthening our local communities. If that happens, I look forward to supporting the final conference committee report.

Leach

I strongly believe that improving education for all Texas children is and should continue to be a leading state priority and that local school districts should have the option of providing prekindergarten education. **HB 4**, however, incentivizes local school districts to adopt a "one-size-fits-all" approach that lessens control and innovation at a local level in favor of a top-down state-mandated approach to early education. **HB 4** will also incentivize parents to remove their children from community-based or church-based programs and crowd these private providers out of the market. Moreover, the benefits of pre-K itself are a subject of dispute. While some studies suggest a benefit, others show lessening parental engagement at such an early age is actually harmful to early childhood development. I remain concerned that **HB 4** will result in less parental involvement in the lives of our children by incentivizing parents who would otherwise care for them in their homes to utilize the program because it has no cost associated with the enrollment of their child. To vote for an uncapped, unlimited program that incentivizes less early-age parental involvement without more study is fiscally and socially irresponsible. The funds appropriated for **HB 4**'s prekindergarten program would be better spent allowing local school districts to improve existing educational programs. For these reasons, I voted no on the bill.

### REASON FOR VOTE

The University of Texas at Arlington would receive only approximately 30 percent of what was asked for while most institutions would receive 60 percent to 90 percent of what they requested. This does not fairly distribute the requested funds to all institutions equally, which directly impacts my district in a negative way.

### **HB 122 ON THIRD READING**

**(by Pickett)**

**HB 122**, A bill to be entitled An Act relating to the Texas Mobility Fund.

#### **HB 122 - STATEMENT OF LEGISLATIVE INTENT**

REPRESENTATIVE C. TURNER: I wanted to just have a brief dialogue with you, if I may, on the floor here. You and I have talked several times over the last 24 hours, and you mentioned the discussion last night about some projects that might be affected by the legislation that we considered yesterday on second reading. Specifically, you and I discussed State Highway 360 in Tarrant County. As you know, this is a joint project between the North Central Texas COG, the North Texas Tollway Authority, and TxDOT. The Transportation Commission in February approved an agreement to move forward with construction of the project, scheduled to begin this summer. It's your intent, with this legislation as amended yesterday, that the legislation would in no way impact the delivery or the timing of that project, is that right?

REPRESENTATIVE PICKETT: That's correct, Representative Turner. In fact, the letter that I have, even though it's dated this morning, we worked late last night, yourself and Mr. Workman, and we got this cleared up, and we got the commitment actually at about 10 o'clock last night. Some members were called and actually given apologies, and there's several members that will still be receiving apologies from an agency across the street that will remain unnamed—TxDOT—for some of that misinformation that got out. But yes, sir, it is my intent that the project 360 that you specifically mentioned, this will not affect it in any way, shape, or form, funding, nor time frames. It won't affect anything other than what the project is already—going the normal, whatever, bumps in the road or, you know, short of environmental issues—but as far as this bill and funding, absolutely not.

C. TURNER: Great. Thank you, Mr. Pickett. Second question, in our mutual conversations that we've had, both with staff at the agency and also with the chairman of the commission, our former colleague Judge Lewis—it's my understanding, I want to make sure it's your understanding—they all agree that this legislation should in no way impact the delivery of these projects, including SH 360?

PICKETT: That's correct. Chairman Lewis visited with me on the break that we had here on the floor this morning and wanted to face-to-face reiterate that with myself, which he just did.

C. TURNER: As he did with me. And they have sufficient funding available to deliver these projects?

PICKETT: They do, and that's before the plan for this session even goes forward. So even under the current situation, the answer to that is absolutely yes.

C. TURNER: Finally, they have sufficient flexibility to, if they need to, reallocate some funds internally—they have sufficient flexibility to do that and for that not to affect the timing of the delivery of these projects?

PICKETT: Chris, that's correct and it's probably a good time to let members know that we don't fund projects by the totality; it's all about cash flow. As those commitments come in, TxDOT pays those bills and there is plenty of cash flow to do all that things that you said. Again, the answer is absolutely yes.

#### **REMARKS ORDERED PRINTED**

Representative C. Turner moved to print remarks between Representative Pickett and Representative C. Turner.

The motion prevailed.

REPRESENTATIVE WORKMAN: I do think it's important that we reduce the debt that we've accumulated over the years for transportation, and I support the bill, but I would like to ask you a question to follow up with what Representative Turner has asked. And that is, is it the intent of this legislation that any project that is currently on the Unified Transportation Program have their funding cut?

PICKETT: Wait a minute, I don't want to get caught here; let me answer it correctly. It is my intent that no project be cut or be removed from the Unified Transportation plan because of this bill or Mr. Simmons' amendment.

WORKMAN: Okay, thank you. And Mr. Chairman, we talked about SH 45 here in Travis County and the Y at Oak Hill and we want to make sure that those projects continue to get their funding.

PICKETT: It does, and I personally, and hopefully you have gotten this, too, actually had that communicated to you directly by either John Barton, General Weber, or Chairman Lewis. The answer to that is, yes.

WORKMAN: I did get that and I appreciate that. Thank you, sir. Finally, I just want to ask you one more question and that is, if we pass **HB 122** does this mean that we can never use debt again for building roads?

PICKETT: No, sir. In this particular one-of-three bonding capabilities it will be the legislature's decision going forward if we want to issue any more debt. We still have two others that still have capacity that's strictly an appropriations process. So we still have capacity; we will still be able to issue debt. In this particular fund it will be up to the legislature.

### REMARKS ORDERED PRINTED

Representative Workman moved to print remarks between Representative Pickett and Representative Workman.

The motion prevailed.
