Amendment No. 1 was adopted.

Amendment No. 2

Representative Bryant offered the following amendment to **CSSB 10**:

Amend **CSSB 10** (house committee report) as follows:

- (1) On page 5, line 15, strike "2020" and substitute "2021".
- (2) On page 5, line 22, strike "2020" and substitute "2021".
- (3) On page 5, line 26, strike "2020" and substitute "2021".

AMENDMENT NO. 2 - REMARKS

REPRESENTATIVE BRYANT: Members, this amendment would cure a problem that had been addressed in the senate, but is not currently addressed in this substitute. It includes in the increases in retirement payments those teachers who retired in 2021. Now, remember, that's two years ago and that retirement took place in the midst of a pandemic and extensive inflation. It costs \$177 million to do it, but it's the right thing to do. Let me remind you that when a teacher retires under our system, which is unique in the United States—except for Louisiana, nobody's paycheck ever again increases unless its legislature acts. Excuse me, nobody's retirement check ever again increases unless its legislature, in session, decides to give them the gift of an increase. These 2021 retirees deserve to be a part of this. I urge you to vote for the amendment.

REPRESENTATIVE BONNEN: Respectfully, I just want to speak to a couple things. One, as I just laid out, the whole strategy here is actually to provide for increases on a go-forward basis every single year. So historically, that has not been the case, but should we adopt the legislation in front of you today and the accompanying constitutional amendment, that is not accurate what you just heard. There will always be an annual increase. The second thing is, the reason that we have the tiered structure that we have is that we're trying to help those retirees who are in the most dire straits. If you retired 20 or more years ago, the annuity that you're living off of is woefully low. And the more recent your retirement, the better your salary, the better your annuity was. That is the reason it is structured the way that it is. So respectfully, I oppose this amendment.

BRYANT: Members, this is a simple philosophical matter. If you think we should be giving cost-of-living adjustments to our retirees, then we should give them to all of the retirees. And the people that retired in 2021 deserve to be part of this increase. They retired at a very difficult time and they retired at a time of rampant inflation. Let's include them. They'll get their increase just like the other people if we act. They will not get it if we don't. I urge you to vote for the amendment.

- (9) On page 7, line 20, strike "two" and substitute "six".

AMENDMENT NO. 3 - REMARKS

REPRESENTATIVE BRYANT: We have a \$33 billion surplus and a projected \$21 billion in the rainy day fund. We have plenty of money to do the right thing. Let me repeat a very important principle that is often overlooked, our teachers

who retire do not receive any increase in their retirement check for the rest of their lives unless this legislature meets and acts and gives them a gift of an increase.

What I am proposing here is very simple. Let's do the right thing, let's recognize the need. Let's recognize the fact that we, and Louisiana, are the only states in the nation who have a teacher retirement system in which there is not a regular COLA. Our teachers are not involved in Social Security. They don't have a regular COLA that increases according to the cost of living. What I'm proposing here is simply that we include those teachers that are going to be affected by this increase in a meaningful way rather than a way that is so parsimonious.

Consider the size of the surplus, consider the size of the rainy day fund, and consider the moral obligation we have to our teachers. This increases the oldest retirees to 10 percent from six percent. The next category is increased to eight percent from four percent, and the next category is increased to six percent from two percent. This is a 10 percent COLA for the oldest retirees. This is the right thing to do, it meets our moral obligations. I urge you to vote for the amendment.

REPRESENTATIVE BONNEN: What we are doing in this legislation is actually creating an ongoing annual increase. That is what you have the opportunity to do for the first time in history. Unfortunately, also in this amendment, there is no strategy for paying for the further increase in the COLA that's being proposed. So unfortunately, I oppose this amendment.

BRYANT: Yes, there is a means of paying for it. There's a \$33 billion surplus. If we pass this amendment, I'll offer an amendment to **HJR 2**—which is coming up next—which puts the money in the fund so that it will be completely covered.

The point of the matter is that our teachers deserve a great deal more than this. I don't understand how we can sit here and recognize that some of these teachers have not had a COLA increase for 19 years. A few others had some back in 2013. These people teach our children. They taught us. We have a moral obligation to them. I'm simply saying let's give the oldest category of retirees a 10 percent increase, the next category an eight percent increase, and the next category a six percent increase. Surely, if we have a surplus, this is the year that we can do this. I urge you to vote for the amendment.

CSHB 730 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE WU: On the first page, between lines 10 and 14, one of the changes that this legislation makes is it strikes the old standard for investigations from "good cause" and changes it to "probable cause." Historically, Texas courts have held that good cause, which is not defined in statute, equates to probable cause and means the same thing. Is that the intent of your legislation?

REPRESENTATIVE FRANK: That is the intent.

WU: On page 4, on line 6, one of the provisions that we have in the bill says that we have to inform the parents or the parties involved about the known allegations the department is investigating. And the intent of this legislation is that these are the known allegations at the time of the investigation?

FRANK: Absolutely, the ones known at the time. If there are other allegations that come up, that would certainly be acceptable.
