**CSSB 24 ON SECOND READING**

*(Frank, Noble, Hull, et al. - House Sponsors)*

**CSSB 24**, A bill to be entitled An Act relating to the powers and duties of the Health and Human Services Commission and the transfer to the commission of certain powers and duties from the Department of Family and Protective Services.

**CSSB 24 - REMARKS**

**REPRESENTATIVE MORALES SHAW**: With the transition from DFPS to HHSC, Representative Frank, I just want to make sure that it’s your intent that folks receiving the services from these programs don’t experience a disruption in the services and that HHSC should work to ensure that the transition doesn’t interrupt any current services.

**REPRESENTATIVE FRANK**: Yes, I am going to try to make sure that these services are coordinated. In fact, I’ve got an amendment that I’ll be accepting from Representative Howard that will further state that we want those coordinated.

**MORALES SHAW**: You'll talk about that more with the amendment that you'll be accepting?
FRANK: Yes, I'll be happy too.

MORALES SHAW: Is it your intent that the PEI program providers continue to work with the state agencies in the same fashion that they have done historically?

FRANK: I don't know that I would say the exact same fashion, but I would certainly plan on them working with other state agencies. They're going to be in HHSC, so I think in many ways they'll be able to work closer with them. But we do fully expect them to work with other state agencies.

MORALES SHAW: Is there any change that you're aware of that the public and the body should know about in the way that they work together that this will change?

FRANK: No, ma'am.

MORALES SHAW: With the move to HHSC, is it your intent that the agency will continue to collaborate with the agencies that they have been in the same manner that DFPS has done in the past so that there's a continuity?

FRANK: Continuity is important, but saying the same—I don't think they're going to do it the same. We're putting it over at HHSC because we think it will be run better. I don't think it's the same, but I think it will be run similarly. I'm not trying to parse words, but it's going to be run by a different agency.

MORALES SHAW: Can you tell us a couple of the things that you anticipate will be better from it moving from one agency to the other?

FRANK: There's two reasons I believe it should move: One is when you look at HHSC—HHSC manages contracts, that's what they do. This program essentially manages money and hands out grant money. So I think it is a much better fit there then under the Department of Family Protection Services. As far as the Department of Family Protection Services, as many of you all know—I think DFPS is doing a much better job—but there is a long way to go before I consider them great in what they are doing. We want them focusing on their core mission. I just think it is a better place to house this program so that DFPS can focus on their core mission which is taking care of children. DFPS is actually a direct provider of services. HHSC really handles contracts, and this grant program is essentially a contract. I just believe it's a better place.

MORALES SHAW: Got it, okay. It sounds like it's mostly about efficiency and better use of state resources?

FRANK: I believe that is correct.

REMARKS ORDERED PRINTED

Representative Morales Shaw moved to print remarks between Representative Frank and Representative Morales Shaw on CSSB 24.

The motion prevailed.

**CSSB 17**, A bill to be entitled An Act relating to the purpose of public institutions of higher education and the powers and duties of the governing boards of those institutions.

**CSSB 17 - POINT OF ORDER**

Representative V. Jones raised a point of order against further consideration of **CSSB 17** under Rule 4, Section 32(c)(1), of the House Rules on the grounds that the background and purpose statement in the bill analysis is substantially or materially misleading. The point of order was withdrawn.

**CSSB 17 - POINT OF ORDER**

Representative J.D. Johnson raised a point of order against further consideration of **CSSB 17** under Rule 4, Section 32(c)(5), of the House Rules. The speaker overruled the point of order, announcing his decision to the house as follows:

Mr. Johnson of Harris raises a point of order against further consideration **CSSB 17** under Rule 4, Section 32(c)(5), on the grounds that the bill analysis does not adequately compare the original to the substitute.

Mr. Johnson notes that the engrossed bill authorizes a governing board to permit the use of diversity, equity, and inclusion offices or practices in student admissions, while the substitute authorizes the use of those offices or practices in student recruitment and admissions. He argues that these activities are different and that this change was required to be included in the analysis's comparison of the two versions. During argument, it was conceded that recruitment has a primary purpose of creating a pool of applicants from which an institution of higher education then admits prospective students.

Because recruitment is tied to the creation of a pool of applicants for which an institution then makes formal or informal decisions to admit, it is a subset of the admissions process. The substitute's addition is at best a non-essential clarification of the activities subsumed in the admissions process as a whole. The analysis complies with the rule. *Cf. 86 H. Jour. 3291 (2019).*

Accordingly, the point of order is respectfully overruled.

Senate Committee Substitute

CSHB 1416, A bill to be entitled An Act relating to accelerated instruction provided to public school students who fail to achieve satisfactory performance on certain assessment instruments.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. The heading to Section 28.0211, Education Code, is amended to read as follows:

Sec. 28.0211. [ACCELERATED LEARNING COMMITTEE;] ACCELERATED INSTRUCTION; MODIFIED TEACHER ASSIGNMENT.

SECTION 2. Section 28.0211, Education Code, is amended by amending Subsections (a), (a-1), (a-4), (a-5), (f), (f-1), (f-2), (f-3), (g), (h), (i), (j), (k), and (n) and adding Subsections (a-7), (a-8), (a-9), (a-10), (a-11), (a-12), (a-13), (a-14), (b), (b-1), (i-1), (l), (q), and (r) to read as follows:
(a) To ensure that each student achieves at least satisfactory performance on each assessment instrument administered under Section 39.023, a [A] school district shall ensure that the district’s curricular and instructional systems provide instruction to all students that:

1. is consistently aligned with the essential knowledge and skills for the applicable subject area and grade level; and

2. strategically and timely addresses deficiencies in the prerequisite essential knowledge and skills for the applicable subject area and grade level.

Establish an accelerated learning committee described by Subsection (c) for each student who does not perform satisfactorily on:

1. the third grade mathematics or reading assessment instrument under Section 39.023;
2. the fifth grade mathematics or reading assessment instrument under Section 39.023; or
3. the eighth grade mathematics or reading assessment instrument under Section 39.023.

(a-1) Each time a student fails to perform satisfactorily on an assessment instrument administered under Section 39.023(a) or (l) in the third, fourth, fifth, sixth, seventh, or eighth grade or an end-of-course assessment instrument administered under Section 39.023(c), other than an assessment instrument developed or adopted based on alternative academic achievement standards, the school district in which the student attends school shall provide to the student accelerated instruction in the applicable subject area during the subsequent summer or school year and, subject to Subsections (a-7) and (a-8), either:

1. allow the student to be assigned a classroom teacher who is certified as a master, exemplary, or recognized teacher under Section 21.3521 for the subsequent school year in the applicable subject area; or
2. provide the student supplemental instruction under Subsection (a-4).

(a-4) If a district receives funding under Section 29.0881 or 48.104, the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (Div. M, Pub. L. No. 116-260), or the American Rescue Plan Act of 2021 (Pub. L. No. 117-2), then supplemental instruction provided by a school district under Subsection (a-1)(2) must:

1. include targeted instruction in the essential knowledge and skills for the applicable grade levels and subject area;
2. be provided in addition to instruction normally provided to students in the grade level in which the student is enrolled;
3. be provided [for no less than 30 total hours] during the subsequent summer or school year:
   
   (A) to each student for no less than:
      (i) 15 hours; or
      (ii) 30 hours for a student whose performance on the applicable assessment instrument was significantly below satisfactory, as defined by commissioner rule; and
(B) unless the instruction is provided to a student fully during summer, no less than once per week during the school year, except as otherwise provided by commissioner rule to account for school holidays or shortened school weeks;

(4) be designed to assist the student in achieving satisfactory performance in the applicable grade level and subject area;

(5) include effective instructional materials designed for supplemental instruction;

(6) be provided to a student individually or in a group of no more than four students, unless the parent or guardian of each student in the group authorizes a larger group;

(7) be provided by a person with training in the applicable instructional materials for the supplemental instruction and under the oversight of the school district; and

(8) to the extent possible, be provided by one person for the entirety of the student’s supplemental instruction period.

(a-5) Each school district shall establish a process allowing for the parent or guardian of a student who fails to perform satisfactorily on an assessment instrument specified under Subsection (a-1) to make a request for district consideration that the student be assigned to a particular classroom teacher in the applicable subject area for the subsequent school year, if more than one classroom teacher is available.

(a-7) The requirements under Subsection (a-1)(1) or (2) do not apply to a student who is retained at a grade level for the school year in which those requirements would otherwise apply.

(a-8) A school district may not be required to provide supplemental instruction under Subsection (a-1)(2) to a student in more than two subject areas per school year. If the district would otherwise be required to provide supplemental instruction to a student in more than two subject areas for a school year, the district shall prioritize providing supplemental instruction to the student in mathematics and reading, or Algebra I, English I, or English II, as applicable, for that school year.

(a-9) A parent or guardian of a student to whom supplemental instruction will be provided under Subsection (a-1)(2) and who either was administered and failed to perform satisfactorily on an assessment instrument specified under Subsection (a-1) or was administered a beginning-of-year assessment instrument aligned with the essential knowledge and skills for the applicable subject area, including a student to whom Subsection (b) applies, may elect to modify or remove a requirement for that instruction under Subsection (a-4) by submitting a written request to an administrator of the campus at which the student is enrolled. A school district may not encourage or direct a parent or guardian to make an election under this subsection that would allow the district to:

(1) not provide supplemental instruction to the student; or

(2) provide supplemental instruction in a group larger than authorized under Subsection (a-4)(6).
(a-10) A school district is not required to provide accelerated instruction under Subsection (a-1) to a student who, instead of being administered an assessment instrument specified under Subsection (a-1), was administered a substitute assessment instrument in accordance with other law or agency rule authorizing the use of the substitute assessment instrument for purposes of satisfying the requirements concerning the applicable assessment instrument under Subsection (a-1).

(a-11) The agency shall approve one or more products that use an automated, computerized, or other augmented method for providing supplemental instruction under Subsection (a-1)(2) that may be used in lieu of some or all of the individual or group instruction required under Subsection (a-4)(6), as appropriate for the applicable grade level and subject area and a student’s academic deficiency. The agency may approve a product under this subsection only if evidence indicates that the product is more effective than the individual or group instruction required under Subsection (a-4)(6). The commissioner shall adopt rules regarding when a product approved under this subsection may be used and the requirements under Subsection (a-4) for which the product may be substituted.

(a-12) For the purpose of providing accelerated instruction or supplemental instruction under this section, a school district may use a service provider that is not on a list of service providers approved by the agency if the district can demonstrate to the commissioner that use of the service provider results in measurable improvement in student outcomes.

(a-13) A school district that is required to provide to a student accelerated instruction under Subsection (a-1) or supplemental instruction under Subsection (a-1)(2) is not required to provide additional instruction under either provision to the student based on the student’s failure to perform satisfactorily on an assessment instrument administered as an optional assessment in the same subject area in which the district is required to provide the student the accelerated or supplemental instruction.

(a-14) A school district shall provide to the parent or guardian of a student who fails to perform satisfactorily on an assessment instrument specified under Subsection (a-1) notice that the student is not performing on grade level in the applicable subject area. Notwithstanding Subsection (h), the district must provide the notice at a parent-teacher conference or, if the district is unable to provide the notice at a parent-teacher conference, by another means. The agency shall develop and provide to school districts a model notice in plain language for use under this section.

(b) For each student who does not perform satisfactorily on an assessment instrument specified under Subsection (a-1) for two or more consecutive school years in the same subject area, the school district the student attends shall develop an accelerated education plan as described by Subsection (f).
A school district shall make a good faith attempt to provide to the parent or guardian of a student to whom Subsection (b) applies a parent-teacher conference with the student’s primary teacher at the start and end of the subsequent school year. At the conference, the district shall provide the student’s parent or guardian with:

1. the notice required under Subsection (a-14); and
2. an explanation of:
   A. the accelerated instruction to which the student is entitled under this section; and
   B. the accelerated education plan that must be developed for the student under Subsection (f) and the manner in which the parent or guardian may participate in developing the plan.

(f) An accelerated learning committee described by Subsection (c) shall, not later than the start of the subsequent school year, a school district shall develop an accelerated education plan for each student to whom Subsection (b) applies that provides the necessary accelerated instruction to enable the student to perform at the appropriate grade or course level by the conclusion of the school year. The plan:

1. must:
   A. identify the reason the student did not perform satisfactorily on the applicable assessment instrument specified under Subsection (a-1); and
   B. notwithstanding Subsection (a-4)(3)(A), require the student to be provided with no less than 30 hours, or a greater number of hours if appropriate, of supplemental instruction under Subsection (a-4) for each consecutive school year in which the student does not perform satisfactorily on the assessment instrument in the applicable subject area specified under Subsection (a-1); and
2. may require that, as appropriate to ensure the student performs satisfactorily on the assessment instrument in the applicable subject area specified under Subsection (a-1) at the next administration of the assessment instrument:
   A. the district expand the times in which supplemental instruction under Subsection (a-4) is available to the student;
   B. the student be assigned for the school year to a specific teacher who is better able to provide accelerated instruction; and
   C. the district provide any necessary additional resources to the student.

The accelerated education plan under Subsection (f) must be documented in writing, and a copy must be provided to the student’s parent or guardian.

During the school year, the student shall be monitored to ensure that the student is progressing in accordance with the accelerated education plan developed under Subsection (f). The district shall administer to the student the assessment instrument for the grade level in which the student is placed at the time the district regularly administers the assessment instruments for that school year.
(f-3) The board of trustees of each school district shall adopt a policy consistent with the grievance procedure adopted under Section 26.011 to allow a parent to contest the content or implementation of an accelerated education plan developed under Subsection (f).

(g) This section does not preclude the retention at a grade level, in accordance with state law or school district policy, of a student who performs satisfactorily on an assessment instrument specified under Subsection (a-1) [(a)].

(h) In each instance under this section in which a school district is specifically required to provide notice or a written copy to a parent or guardian of a student, the district shall make a good faith effort to ensure that such notice or copy is provided either in person or by regular mail and that the notice or copy is clear and easy to understand and is written in English or the parent or guardian's native language.

(i) The admission, review, and dismissal committee of a student who participates in a district's special education program under Subchapter A, Chapter 29, and who does not perform satisfactorily on an assessment instrument specified under Subsection (a-1) shall, at the student's next annual review meeting, review the student's participation and progress in, as applicable, accelerated instruction provided under Subsection (a), supplemental instruction provided under Subsection (a-1)(2), or an accelerated education plan developed under Subsection (f). The student's parent may request, or the district may schedule, an additional committee meeting if a committee member believes that the student's individualized education program needs to be modified based on the requirements under this section. If the district refuses to convene a committee meeting requested by the student's parent under this subsection, the district shall provide the parent with written notice explaining the reason the district refuses to convene the meeting [(a) and administered under Section 39.023(a) or (b) must meet to determine the manner in which the student will participate in an accelerated instruction program under this section].

(i-1) If a student who attends school in a homebound or other off-campus instructional arrangement, including at a residential treatment campus or state hospital, is unable to participate in an accelerated instruction program required under this section due to the student's medical condition, the school district may determine that the student be provided the accelerated instruction when the student attends school in an on-campus instructional setting. If the student's medical condition prevents the student from attending school in an on-campus instructional setting for the school year during which the accelerated instruction is required to be provided to the student, the district is not required to provide the accelerated instruction to the student for that school year.

(j) A school district or open-enrollment charter school shall provide students required to attend accelerated programs under this section with transportation to those programs if the programs occur outside of regular school hours, unless the district or school does not operate, or contract or agree with another entity to operate, a transportation system.
(k) The commissioner may adopt rules as necessary to implement this section, including rules for required reporting necessary to support student transfers.

(l) The agency shall monitor and evaluate the effectiveness of the accelerated instruction required under this section.

(n) Except as requested under Subsection (a-5) or provided by Subsection (n-1), a student for whom an accelerated education plan must be developed [who fails to perform satisfactorily on an assessment instrument specified] under Subsection (b) [(a) and is promoted to the next grade level] must be assigned, in each [the subsequent] school year and [in each] subject covered by the accelerated education plan, [in which the student failed to perform satisfactorily on an assessment instrument specified under Subsection (a)] to an appropriately certified teacher who meets all state and federal qualifications to teach that subject and grade.

(q) The commissioner may waive the requirements under this section regarding accelerated instruction for a school district for each school year in which at least 60 percent of the students who received accelerated instruction during the school year immediately preceding the previous school year, including at least 60 percent of students whose performance on the applicable assessment instrument was significantly below satisfactory, as defined by commissioner rule, performed satisfactorily in the previous school year on the assessment instrument in each subject in which the student previously failed to perform satisfactorily. For purposes of determining whether a school district qualifies for a waiver under this subsection, the commissioner shall:

(1) if a student received accelerated instruction in more than one subject during the applicable school year, consider the student’s performance on the assessment instrument in each subject separately from the student’s performance on the assessment instrument for each other subject; and

(2) by rule provide that a school district may not qualify for a waiver if students who are receiving special education services or are educationally disadvantaged are overrepresented among the students in the district who received accelerated instruction during the school year immediately preceding the previous school year and did not perform satisfactorily in the previous school year on the assessment instrument in each applicable subject.

(r) Not later than the beginning of each school year, the commissioner shall publish a list of school districts that qualify for a waiver under Subsection (q).

SECTION 3. Section 29.0881(e), Education Code, is amended to read as follows:

(e) A school district or open-enrollment charter school that receives grant funds under this section may use the funds to:

(1) financially support or train or otherwise prepare educators and other staff;

(2) pay for agreements with other entities to provide prekindergarten services; or

(3) pay for accelerated instruction provided under Section 28.0211 [or 28.0217].

(b-1) A school district shall provide each student who fails to perform satisfactorily as determined by the commissioner under Section 39.0241(a) on an end-of-course assessment instrument with accelerated instruction under Section 28.0211 [28.0217] in the subject assessed by the assessment instrument.

SECTION 5. The following provisions of the Education Code are repealed:

(1) Sections 28.0211(c), (f-4), and (f-5); and
(2) Section 28.0217.

SECTION 6. The changes in law made by this Act to Section 28.0211, Education Code, apply beginning with assessment instruments administered during the 2023 spring semester.

SECTION 7. The repeal by this Act of Section 28.0217, Education Code, applies beginning with the 2023-2024 school year.

SECTION 8. (a) Notwithstanding any other section of this Act, in a state fiscal year, the Texas Education Agency is not required to implement a provision found in another section of this Act that is drafted as a mandatory provision imposing a duty on the agency to take an action unless money is specifically appropriated to the agency for that fiscal year to carry out that duty. The Texas Education Agency may implement the provision in that fiscal year to the extent other funding is available to the agency to do so.

(b) If, as authorized by Subsection (a) of this section, the Texas Education Agency does not implement the mandatory provision in a state fiscal year, the agency, in its legislative budget request for the next state fiscal biennium, shall certify that fact to the Legislative Budget Board and include a written estimate of the costs of implementing the provision in each year of that next state fiscal biennium.

(c) This section and the suspension of the Texas Education Agency's duty to implement a mandatory provision of this Act, as provided by Subsection (a) of this section, expires and the duty to implement the mandatory provision resumes on September 1, 2027.
